Dursban—Trademark of The Dow Chemical Co.  
U. S. Patent No. 3, 244, 586

**WARNING: Keep Out of Reach of Children**

(See Side Panel for Additional Precautions)

**NET CONTENTS—16 FL. OZ. (1 PINT)**

This product is toxic to fish, wildlife and birds. Keep out of lakes, streams and ponds. Do not contaminate water by cleaning equipment or disposal of wastes.

Do not re-use empty container. Destroy by burying with waste in non-crop lands away from domestic water supplies. Use this product only as specified on this label.

**DIRECTIONS**

Remove pet animals, food and water utensils from kennels before spraying. Use TPC KENNEL SPRAY at the rate of 16 fluid ounces per 5 gallons of water to control infestations of brown dog ticks and cockroaches. Spray thoroughly all surfaces, cracks and crevices where pests may hide or crawl. Allow treated areas to dry before using kennels. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment.

NOTICE: Since use of this product is beyond the manufacturer's control, neither the Texas Phenothiazine Company nor the seller make any warranty expressed or implied concerning the use of this product other than indicated on the label. Buyer assumes all risk of use or handling of this material when such use or handling is contrary to label instructions.
