

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

AUG 14 1995

Mr. Jack Smothers  
Hysan Corporation  
3000 West 139th Street  
Blue Island, IL 60406

Dear Mr. Smothers:

Subject: Amendment- Revised per Diazinon Registration Standard  
C.I.K. ROACH 'N' Ant Killer  
EPA Registration No. 334-202  
Your Letter Dated October 18, 1993

This amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(7)(a), is acceptable, provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

a. On the front panel change "\*\*\* Includes Petroleum distillates." to "\*\*\* Contains Petroleum distillates."

b. On the front panel add "For use in and around the home"

c. Under **PHYSICAL OR CHEMICAL HAZARDS** change "Flammable mixture." to "Extremely flammable.". Add "Do not smoke when spraying this product. Do not spray stove tops or near pilot lights."

d. Under **DIRECTIONS FOR USE** change "federal law" to "Federal law".

e. Under **INDOOR USE** change "(16) Do not use this product in conduits" to "(16) Do not use this product in conduits".

f. Under **INDOOR USE APPLICATION:** change "As a supplement to good housekeeping, spray until wet surfaces behind" to "As a supplement to good housekeeping, spray until wet, surfaces behind".

g. Under **Hazards to Human and Domestic Animals** change "armful if inhaled or absorbed through skin." to "Harmful if swallowed, inhaled or absorbed through skin."

h. You may delete the heading **Environmental Hazards** and its associated text because this product is for indoor use only.

3. Submit three (3) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Your current Confidential Statement of Formula (CSF) does not list the impurities of toxicological concern separately nor does it include the diazinon certification for FIFRA Sec. 12(a)(1)(C), that the description of this product refers to the composition set forth on the CSF and supporting materials as required by the Diazinon Registration Standard, as well as the certification regarding the determination of the certified limits of the toxicological significant impurities, i.e., reliance on your diazinon supplier's analysis of their technical. Please check with Ciba Geigy your diazinon supplier in this regard and update your CSF accordingly.

Sincerely,

George T. LaRocca

**FEATURES, CLAIMS AND USES**

FOR INDOOR USE ONLY, TO KILL: Cockroaches, Ants, Silverfish, Brown dog ticks, Spiders, Crickets, Earwigs, Sowbugs, Flies, Mosquitoes, Flying moths, Wasps and other insects... as specified in label directions.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if inhaled or absorbed through skin. Avoid contact with skin, eyes, or clothing. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Avoid contamination of food or feed. Do not use on household pets or humans. Remove pets from area and cover fish bowls before spraying. Do not allow children or pets in treated areas until surfaces have dried.

**STATEMENTS OF PRACTICAL TREATMENT**

IF SWALLOWED: Call a physician immediately. DO NOT INDUCE VOMITING UNLESS NO OTHER TREATMENT IS AVAILABLE. Vomiting may cause aspiration pneumonia. If it is necessary to induce vomiting, give victim one or two glasses of water and insert finger in back of throat. Do not induce vomiting or give anything by mouth if person is unconscious or convulsing.

IF INHALED: Remove victim to fresh air and apply artificial respiration if indicated. Get medical attention.

IF ON SKIN: Wash promptly with soap and water. Get medical attention.

IF IN EYES: Rinse eyes with plenty of water and call a physician immediately.

NOTE TO PHYSICIANS: This product is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine. This product also

contains petroleum distillate solvent which may present an aspiration hazard. Gastric lavage may be indicated if product was taken internally.

**ENVIRONMENTAL HAZARDS**

This product is highly toxic to birds, fish, and other wildlife. Birds, feeding or drinking on treated areas may be killed. Keep out of lakes, streams, ponds, tidal marshes and estuaries. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Do not contaminate water by disposal.

This pesticide is highly toxic to bees exposed to direct treatment or residues on blooming plants where they feed. Do not allow this pesticide to drift to blooming plants if bees are visiting the treatment area. Do not apply this product to or allow it to drift to food crops or any desirable vegetation at any time.

**PHYSICAL OR CHEMICAL HAZARDS**

Flammable mixture. Do not use near fire, sparks, or flames. Contents under pressure. Do not puncture. Exposure to temperatures above 130°F (54°C) may cause bursting. Never throw container into fire or incinerator.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**GENERAL INFORMATION:** Hold the container upright and lightly spray surfaces until wet according to the directions for use. This product is for indoor use only for control of the pests specified on this label.

**INDOOR USE**

**CONTROLS:** Cockroaches (waterbugs), ants, firebrats, silverfish, brown dog ticks, springtails, spiders, crickets, earwigs, sowbugs (pillbugs), carpet beetles.

**Precautions:** (1) Do not use this product indoors as an overall surface spray or as a space spray; take care not to introduce this product into the air during application. (2) Use only in a well-ventilated areas. (3) Do not apply where children are likely to frequently contact treated surfaces. (4) Remove or cover fish bowls and remove pets before application. (5) Do not treat pets or plants with this product. (6) Do not allow children or pets in treated areas until spray has dried. (7) If clothing is sprayed during application, remove clothing immediately after spraying and launder before wearing again. (8) Do not apply directly to carpets or floor coverings and avoid excessive wetting of asphalt tile, rubber and plastic materials because damage may occur. (9) Care should be taken to avoid spotting of walls, wall covering, and fabrics. (10) Do not apply directly to upholstery of furniture. (11) Do not apply to areas, surfaces, or utensils which will contact food or feed. (12) Exposed food should be covered or removed during application. (13) All food processing surfaces and utensils should be covered during application or thoroughly washed with soap and water before use. (14) Do not use in edible product areas of food processing plants, restaurants, or other areas where food or feed is commercially prepared or processed. (15) Do not use in serving areas while food is exposed. (16) Do not use this product in conduits, motor housings, or electrical switch boxes.

**APPLICATION:**

Cockroaches (Waterbugs), Ants, Firebrats, Silverfish, Sowbugs (Pillbugs), Springtails, Spiders, Crickets, Earwigs: As a supplement to good housekeeping, spray until wet surfaces behind and beneath cabinets, refrigerators, sinks, and stoves, as well as ant trails, and other localized areas where insects tend to hide. Discard infested food packages, but do not spray inside cabinets where food is stored. Spray window and door frames where ants enter. Treat difficult to service locations such as voids around water pipes and cracks and crevices along baseboards moldings. Repeat as necessary.

**Carpet beetles:** Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks, and infested areas of shelving in closets. Repeat if necessary.

**Brown dog ticks:** Spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of pets. Repeat as necessary. Fresh bedding should be placed in animal quarters after treatment. Do not treat animals with this product.

**Spiders:** Apply spray around windows, doors, and along baseboards. Make spot applications to other areas over which these pests may crawl.

**Storage and Disposal**

**Storage:** Keep away from fire, sparks, and heat. See "Physical or Chemical Hazards" for additional precautions. Store in an area inaccessible to children and pets.

5 8 5

**Disposal:** Do not reuse empty container. Do not puncture or incinerate container. Wrap container and put in trash collection.
