

Use on lawns around patios, driveways, and sidewalks.

NET WT.: 23 oz.
(1 lb. 7 oz.)

HYweed

**Clover and
Chickweed
killer**

ACCEPTED

8-23-72

UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT

DIRECTIONS

USE CAN IN INVERTED POSITION ONLY. Shake before using. Remove cap, invert can and point TOP of can at weeds to be killed. Press lever. Special wide pattern spray is designed to effectively cover patches of weeds. Chemical will foam on contact. Use enough material to be seen, but **AVOID OVERDOSAGE** as too much chemical may injure grass. For best results apply when weeds are young and in rapid growing condition. (Spring and fall.) During hot dry weather watering within 24 hours after application will reduce effectiveness. Do not spray desirable ground cover.

Holding the top of can 18-19 inches from the ground will produce a circle of foam 12 inches in diameter.

The contents of this package will effectively treat an area of 600 sq. ft. (20 ft x 30 ft.)

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130° F may cause bursting. Never throw container into fire or incinerator.

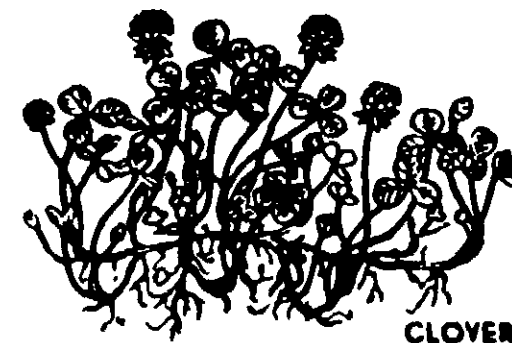

CAUTION Humans: Avoid contact with eyes or clothing. Avoid contamination of feed or foodstuffs. Keep out of reach of children or domestic animals. Wash hands after using. Harmful if swallowed. Do not contaminate water used for domestic or irrigation purposes.

Animals: Keep livestock off treated grass. Keep out of any body of water to avoid fish kill. Avoid spray drift or contact to shrubs and ornamentals. Vapors from this product may injure susceptible plants in immediate vicinity. Do not store near fertilizers, seeds, insecticides or fungicides.

NOTICE: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given here-with.

Do not use on newly seeded lawns. This product could possibly injure bentgrass, St. Augustine grass, Dichondra, or clover lawns.
