

"For the dog whose master cares"

DOG TTE[®] OUTDOOR REPELLANT FOR DOGS

A training aid for your own pet. Will repel dogs for 12 to 24 hours when applied daily.

DIRECTIONS FOR USE

OUTDOORS: To prevent your pet, or stray animals, from soiling flower beds, areas of lawn, trees, shrubbery or evergreen: Spray the edges of flower beds, trunks of trees, the bases of shrubbery and evergreens, patches of lawn, etc., lightly every day, or every other day, with this product. Stray animals are frequently attracted to areas where urine or feces have been deposited. First, remove any droppings, then spray the spot with this masking odor. Re-apply as often as necessary until undesirable habits of your pet or stray animals are changed.

Do not apply directly to foliage of shrubs or to ornamentals, soft-bodied plants.

GENERAL: For both indoor and outdoor situations, the most effective control for a pet is the sharply spoken word backed up with disciplinary action. The repellent product should be used in conjunction with training.

CAUTION: Flammable Mixture — Do not use near fire or flame. Do not store in sunlight or in temperatures over 120°F. Do not puncture or incinerate. Keep out of reach of children. Keep spray away from eyes. Harmful if swallowed.

ACTIVE INGREDIENTS:

Methyl nonyl kerone.....	1.9%
Related compounds.....	0.1%

2.0%
