USDA Reg. No. 334-284
FOR INDOOR AND OUTDOOR USE
Read Entire Label Before Using

WASP AND HORNET will kill Wasps, Hornets, Bees, Yellow Jackets, outdoors. Also Roaches, Crickets, June Bugs, Ants, Spiders, Centipedes, Silver Fish, Water Bugs and certain other insects indoors. The spray is fast acting when insects are hit directly and has a long lasting residual effect indoors and on protected areas outdoors with killing action remaining for two to four weeks unless spray is removed or washed off by rain. Allow 24 hours for those insects which were not hit by insecticide to leave the areas sprayed. If insects should return to treated area, spray again.

TO OPERATE: 1. Remove protective cap. 2. Depress button, being sure to keep spray opening pointed away from you.

General Instructions: Outdoors—Direct spray at insects wherever possible and under eaves, into nests, cracks, holes or crevices wherever insects are noticed. Spray for about 15 seconds or until surface is moist from the insecticide. To prevent entrance of insects into the house, spray around points where outside plumbing (faucets) enter house and into cracks or crevices in foundation as well as along sills and ledges. **For Indoor** insects listed above spray around pipes, under sinks, behind shelving, bookcases and cabinets, along baseboards, into cracks, crevices and other dark, moist places.

CAUTION: Harmful if swallowed. Keep out of reach of children. If applied to skin, wash well with soap and warm water. For eyes, flush with water. Contact doctor. Avoid inhalation of spray mist. As contents of this can are under pressure, keep away from direct sunlight, stoves, hot water radiators and other sources of heat. Store at room temperature. Do not puncture container or pry off valve or spray near open flame. Do not spray on pets, animals, vegetation or into ponds, streams or lakes. Avoid contamination of feed and foodstuffs.

ACTIVE INGREDIENTS	
Pyrethrins	0.15
Tech. Piperonyl Butoxide*	0.39
N-Octyl Benzothioheptene Diethylamide	0.53
Tech. Chlordane**	2.00
Petroleum Distillate	6.202
INERT INGREDIENTS 35.00	

*Equiv. to 0.24 butylparatyl, 6-propylpiperonyl ether & 0.06 other related compounds
**Equiv. to 1.2 Octachloro 4,7-methanotetrahydroindane and 0.8 of related compounds
