

ACCEPTED

MAR 26 1969

UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTER-
ED UNDER NO. 334-295

DIRECTIONS

TO CLEAN:

To provide direct contact, first re-
move the water from the bowl by
forcing it over the trap with a swab.
Hold the bottle over the bowl and ap-
ply two to four ounces to the swab.
Clean the entire bowl thoroughly, es-
pecially up under the rim the water
outlets, flush toilet and rinse out mop.

TO DISINFECT:

Pour 10 ounces directly into the
water remaining in the clean bowl.
Then swab the entire bowl and seat,
and cover thoroughly with this solu-
tion. After disinfecting, rinse seat and
bowl well.

**TO CLEAN AND DISINFECT
URINALS:**

Saturate swab thoroughly, holding
the bottle over the urinal. Clean the
urinal by wetting the entire surface.
Particular attention should be paid to
the grooves along the sides, and the
water outlets at the top. After the
surface looks clean, remove screen
at the bottom of the urinal and pour
two to five ounces on the edge and
into the drain. Allow to stand two to
three minutes. Then swab the inside
pipe thoroughly. Replace screen and
flush well.
