FUNGICIDE AND RODENTICIDE ACT
AND ECONOMIC POISON REGISTER-
ED UNDER NO. ... SUBJECT
TO ATTACHED COMMENTS.

- STAYS WHERE THE ACTION IS NEEDED.
- GETS STAINS AND SOIL OFF FASTER.
- DOES NOT RUN WASTEFULLY INTO DRAIN.
- LONGER CONTACT KILLS GERMS & ODORS.

DIRECTIONS

SHOWER STALLS made of ceramic, tile, terrazzo, or concrete, dilute with 3 parts water. Apply with sponge or mop. Allow to remain on the surface for 3 minutes and rinse well with water.

TOILET BOWL AND URINAL CLEANING: Flush toilet and remove as much water as possible by plunging. Apply with the yarn mop and allow to remain on the surface at least 3 minutes until all rust, stains and scales are loosened. Clean upper part of bowl, under the flush rim and down into the trap. To remove odor and incrustations in trap, pour 2 ounces into urinal and allow to remain for as long as possible.

Bathtubs, Sinks, Wash Basins, Drinking Fountains, Coffee Urns, Sterilizers, Brass Rails and Other Enamelled and Plated Surfaces: Always dilute with 3 parts water. Apply with sponge or mop. Do not allow solution to remain on fixtures - rinse immediately and thoroughly with water.

Removes . . .

LIME, HARD WATER DEPOSITS, URIC ACID SALTS, VARIOUS DISCOLORATIONS FROM TOILET BOWLS, URINALS, SHOWER WALLS, CERAMIC TILE FLOORS, CONCRETE FLOORS, SWIMMING POOL SURFACES, DRINKING FOUNTAINS, BATH TUBS, WASH BASINS AND LAVATORIES . . .
