NOTE: This is the complete labeling as submitted to the EPA. To fit on actual products, it will need to be cut down by deleting some claims and uses. Consult with the LARA Office on which parts may be cut down or eliminated.

NOTE: Minimum type size on back panel is 6 points. (A reduction to 80% will give about 6 point type, 13 pica column width, and 27 pica panel width.)

Hysan Product Name **PS 75**  
Hysan Product # **24004-20-X-XX-XXXXX**  
Disk Volume **035 (L)**, Filename **A24004-20 EPA**, Date Last Revised **05-18-89**
