NET WT 12 OZ (340 g)

HOUSEHOLD DISINFECTANT AND DEODORIZER SPRAY

Same full-strength, germicidal formula as used for years in hospitals to kill many harmful germs in operating and delivery rooms, and in obstetric wards.

Kills household germs on contact. Kills dangerous Staph and Strep germs on household surfaces. Kills Influenza A2 (Hong Kong) virus. Kills TB germs. Kills Athlete's Foot fungi.

Micro mist spray penetrates into cracks and crevices that liquids can't reach. Dries quickly, leaves no stains.

Use regularly on and around toilet seats, sinks, bathtubs, shower stalls, telephones, garbage cans, pet areas, and wherever disease germs and germ-caused odors are a problem. For use on glass, ceramic, metal, and most plastic surfaces.

DESTROYS ODORS ...

LEAVES A NATURAL FRESH SCENT

Acts instantly to eliminate (not just "cover up") cooking, bathroom, sickroom, and pet odors. Refreshes smoke-filled rooms and fabrics. Unlike ordinary "air fresheners", stops odors at the source by killing odor-causing bacteria, and preventing mold and mildew — in empty garbage and diaper pails, toilet areas, under shoes, and in hampers.

PREVENTS MOLD AND MILDEW

Special fungicidal ingredients stop mold and mildew on fabrics for 30 days. Use in finished basements, attics, closets, laundry rooms, and storage areas. Also spray hugs, upholstery, towels, pillows, shower curtains, mattresses, and other fabrics.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
WARNING: Eye contact may cause temporary eye irritation; do not spray on or toward eyes or face. Avoid breathing spray mist or vapors.

Do not contaminate water, food, or feed, nor surfaces that they may contact.

STATEMENT OF PRACTICAL TREATMENT IF IN EYES: Flush eyes immediately with water, remove any contact lenses, then flush eyes thoroughly with water. If irritation persists (or develops later) see a physician.

PHYSICAL/CHEMICAL HAZARDS

Flammable: Do not use or store near heat, sparks, or open flames. Do not use in the vicinity of pilot lights. Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 133°F (54°C) may cause bursting. Do not use on latex paint, polished wood, linoleum, or on rayon fabrics.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR DISINFECTING, MILDEW CONTROL, AND DEODORIZING OF PRE-CLEANED SURFACES: Use at 70°F (25°C). Hold can upright 6 to 8 (175 ml) from surface and spray until thoroughly wetted. Then allow to stand for 10 minutes. Repeat applications as necessary for control of mildew.

FOR DEODORIZING AND FRESHENING ROOM AIR: Spray upward toward center and corners of room, keeping container at least 3 ft (1 m) from surfaces.

STORAGE AND DISPOSAL

GENERAL: Do not contaminate other materials, including water, food, or feed, during this product use. Storage or disposal of damaged or empty container and wrap waste their disposal as below.

STORAGE: Keep in a cool, dry, closed area, inaccessible to children and away from flames. Store in sunlight or other sources of heat or light. Do not store in areas heated above 133°F (54°C) by direct sunlight.

DISPOSAL: Refrain from use of container when severely damaged in several layers of newspaper and discard in trash. Do not incinerate or puncture.
