

CHICAGO, ILLINOIS 60609

MANUFACTURED BY
HYSAN
CORPORATION

INDUSTRIAL TYPE

This INSECTICIDE is engineered for highly effective use in an Automatic Aerosol Dispenser, is many times stronger than average insecticides, and of special design for long lasting operation. The Dispenser automatically actuates the special metered valve every fifteen minutes, releasing tiny particles which remain suspended in the air, killing flying insects. Within 24 hours the area is relatively free of small flying insects and with continued use reduces annoyance from them. Usually the effectiveness of the aerosol will be noticeable within one hour after activation, and if less than 24 hours control is required, the dispenser should be set to start one hour before control is required and run one hour after control is established.

Conditions such as air change rate, shape of space treated, humidity and temperature affect insect activity and control. Therefore, one unit per 6000 cubic feet may be considered as the average. As with any method of insect control, improved performance is achieved when good sanitary practices are used.

OPERATION: Remove protective cap from top of can and insert can in the Dispenser. Suspend Dispenser 7' from floor and at the point where wind flow will carry the particles throughout the room.

ACTIVE INGREDIENTS:
Pyrethrins 0.90%
Petroleum Distillates 10.10%
Technical Piperonyl Butoxide* 9.00%
INERT INGREDIENTS: 80.00%
*Equivalent to 7.2% (butylcarbityl)
(6-propylpiperonyl) ether and 1.8% or related compounds.

WARNING: Do not use in nurseries or rooms where infants, ill or aged persons are confined. Use 12' or more from exposed foods. Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F. may cause bursting. Never throw container into fire or incinerator.

NOTE: Do not use close to varnished surfaces.

EPA REG. NO. 334-386AA

FOR USE IN:

- Food Service & Preparation Areas
- Milk Houses
- Hospitals
- Hotels
- Motels
- Factories
- Stores
- Kennels
- Laboratories
- Warehouses
- Farms
- Lavatories
- Ships
- Planes
- Stables
- Clubs
- Restaurants
- Buildings
- Funeral Homes
- Schools
- Poultry Pens

HY-T

METERED INSECTICIDE AEROSOL

SPECIAL HIGH CONCENTRATION FORMULA
3,000 SPRAYS
METERED FOR EFFICIENCY AND ECONOMY

KILLS FLIES, MOSQUITOES, GNATS,
EVEN KILLS D.D.T. RESISTANT FLIES

WARNING: KEEP OUT OF REACH OF CHILDREN.
CONTENTS UNDER PRESSURE.
READ PRECAUTIONS AND DIRECTIONS
ON BACK BEFORE USING.

NET WEIGHT: 12 OUNCES

HYSAN-12oz. HY-T- 6172 red
