

# STERICIDE SANITIZER

## DIRECTIONS FOR USE:

**HOSPITALS**—For floors, walls and other hard surfaces. In Nursing Homes, Institutions, as well as Sink Tops, Garbage Pails, Telephones and Restrooms, use Stericide Sanitizer at 3½ ounces per 5 gallons of water. At this level Stericide Sanitizer will be effective against Pseudomonas aeruginosa PRD-10.

**FOOD PROCESSING EQUIPMENT**—For sanitization of food processing equipment and food utensils dilute 1 ounce Stericide Sanitizer per 4 gallons of water to provide 200 ppm of active quaternary. At this level, No Potable Water Rinse is required.

**DAIRIES**—To sanitize dairy equipment, first clean and rinse the equipment thoroughly. Then apply sanitizing solution containing 1 ounce Stericide Sanitizer to 4 gallons of water (200 ppm). At this level, No Potable Water Rinse is required. Follow recommendations of local Health Board.

**MEAT AND POULTRY PLANTS**—For sanitizing cleaned food processing equipment or utensils in Federally inspected meat and poultry processing plants, dilute 1 ounce Stericide Sanitizer per 4 gallons of water (200 ppm). At this concentration, No Potable Water Rinse is required after thorough draining of the sanitizing solution.

**COLD DISINFECTION**—For disinfection of previously cleaned surgical instruments, barber tools and dental equipment, simply submerge instruments into solution containing 1½ ounce Stericide Sanitizer per gallon of water.

**RESTAURANT AND BAR RINSE**—Dishes, glassware, silverware, cooking utensils, wash with soap or synthetic detergent; rinse thoroughly and immerse in a sanitizing solution containing 1 ounce Stericide Sanitizer to 4 gallons of water. No Potable Water Rinse Required.

## Disinfectant Deodorizer Sanitizer

**ACTIVE INGREDIENTS:** n-Alkyl (60% C<sub>14</sub>, 30% C<sub>16</sub>, 5% C<sub>12</sub>, 5% C<sub>18</sub>) dimethyl benzyl ammonium chlorides . . . . . 5%  
n-Alkyl (68% C<sub>12</sub>, 32% C<sub>14</sub>) dimethyl ethylbenzyl ammonium chlorides . . . . . 5%  
**INERT INGREDIENTS:** . . . . . 90%

**DANGER:** KEEP OUT OF REACH OF CHILDREN. CORROSIVE. CAUSES EYE DAMAGE AND SKIN IRRITATION. Do not get in eyes, skin or on clothing. Protect eyes and skin when handling. Harmful if swallowed. Avoid contamination of food. Stericide is a concentrate and should be diluted before using. (See side panel for First Aid.)

**FIRST AID:** In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before re-use. If swallowed, do not induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call physician immediately.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measure against circulatory shock, respiratory depression and convulsion may be needed.

Rinse empty container thoroughly with water and discard.

**SPILL OR LEAK:** In case of spill, flush spill area with water spray.

### STORAGE AND DISPOSAL

**Prohibitions:** Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

#### Pesticide Disposal

Pesticide, spray mixture, or rinsate that cannot be used or chemically processed should be disposed in a landfill approved for pesticides or buried in a safe place away from water supplies.

#### Container Disposal

Triple rinse with water and dispose of in an approved landfill or bury in a safe place.

#### General

Consult federal, state or local disposal authorities for approved alternative procedures.
