

# CALCIUM HYPOCHLORITE

For Manufacturing, Repacking or Processing Use as a  
disinfectant, sanitizer, algaecide or fungicide.

Active Ingredient Calcium Hypochlorite .....	65°.
Inert Ingredient .....	35°.
Available Chlorine .....	65°.

**DANGER:** KEEP OUT OF REACH OF CHILDREN.  
STRONG OXIDIZING AGENT. MAY CAUSE CHEMICAL  
BURNS. MAY BE HARMFUL OR FATAL IF SWALLOWED.  
Never mix with any materials other than water. Contact with foreign  
material, heat, friction, moisture or contamination from any source may  
result in explosion or fire of great intensity. Use only equipment that is free  
of all foreign matter, liquid or solid. Never mix with any other pool  
chemicals.

Keep away from heat, fire, combustible or other foreign materials.\* In  
case of fire, drench with large amounts of water and cool surrounding  
area with spray. Do not get on skin or in eyes. In case of contact, wash  
thoroughly with water. For eyes, get prompt medical attention.

This product is toxic to fish. Treated effluent should not be discharged  
where it will drain into lakes, streams, ponds or public water. Do not  
contaminate water by cleaning of equipment or disposal of wastes. Apply  
this product only as specified on this label.

Store in the original container with COVER CLOSED in a COOL, DRY  
place out of reach of children. Dispose of spilled Calcium Hypochlorite by  
flushing with water.

Do not reuse empty container. Wash thoroughly with water and deter-  
gent. Discard in a safe place.

\*Some of the foreign materials which can cause fire are household products  
other pool chemicals, burning material such as a lighted cigarette, oils, grease,  
paints, thinners, solvents, cosmetics, suntan lotions and creams, sugars, syrups,  
beverages, fertilizers, blood, acids, dead vegetation and organic materials
