RESTRICTED USE PESTICIDE

For retail sale to and use only by Certified Applicators or persons under their direct supervision and only for those covered by the Certified Applicator's certification.

**SUPPLEMENTAL LABELING
FOR DISTRIBUTION AND USE ONLY WITHIN ALABAMA
(EPA REG. NO. 352-370)**

**LANNATE® L INSECTICIDE
FOR USE ON COMMERCIALLY GROWN ORNAMENTALS
IN GREENHOUSES
IN THE STATE OF ALABAMA**

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Du Pont Lannate® L Insecticide is recommended for use on select commercially grown ornamentals (see attached list) to control certain insects in greenhouses in Alabama.

INSECTS CONTROLLED

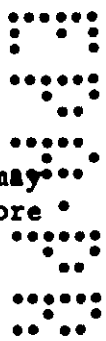

| | |
|-----------------|---------------|
| Corn earworm | Leafrollers |
| Tobacco budworm | Thrips |
| Fall armyworm | Aphids |
| Beet armyworm | Flea beetles |
| Loopers | Leafhoppers |
| Armyworm | Black cutworm |

HOW TO USE: Apply 1 to 2 pints Lannate® L per 100 gals. water. Spray plants thoroughly (to run off by ground equipment).

Apply when insects first appear and continue at weekly intervals or as needed.

Note: Since varieties of ornamentals are numerous, continually changing, and may respond differently to Lannate® L, test Lannate® L on a small scale before proceeding to large-scale application.

EPA SLN NO. AL- 810092
6/11/87

any time the greenhouse can remain closed for two hours without endangering the crop from high temperatures such as early morning or late afternoon.

Two hours (or longer) after treatment, ventilate the greenhouse for one hour before entering.

IMPORTANT

BEFORE USING LANNATE® L, READ AND CAREFULLY OBSERVE THE CAUTIONARY STATEMENTS AND ALL OTHER INFORMATION APPEARING ON THE PRODUCT LABEL.

Do not apply this product through any type of irrigation system.

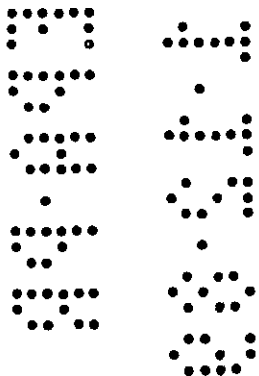

This bulletin contains new or supplemental instructions for use of this product which may not appear on package label. Follow the instructions carefully.

This label must be in the possession of the user at the time of pesticide application.
