**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS  
AND DOMESTIC ANIMALS**  
**CAUTION!** MAY IRRITATE EYES, NOSE, THROAT, AND SKIN. MAY BE HARMFUL IF INHALED OR SWALLOWED.  
Avoid breathing dust or spray mist. Avoid contact with skin, eyes, and clothing. Keep away from fire or sparks.  
Wear protective clothing including long pants, long sleeve shirt, gloves, hat and boots during mixing and loading operations.  
First Aid: In case of contact, flush skin or eyes with plenty of water. For eyes, get medical attention.  
**ENVIRONMENTAL HAZARDS**  
This product is toxic to fish. Do not apply directly to water. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

**GENERAL INFORMATION:** "Maneb 80 Potato Fungicide" may be used as a spray or dust for the control of many important plant diseases. "Maneb 80 Potato Fungicide" has good adhesive properties on plants, high fungicidal efficiency and is easy to use.

**NOTICE OF WARRANTY**  
Du Pont warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Du Pont. In no case shall Du Pont be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the Buyer. DU PONT MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

**IMPORTANT—** Never allow "Maneb 80 Potato Fungicide" to become wet during storage. This may lead to certain chemical changes which will reduce the effectiveness of "Maneb 80 Potato Fungicide" as a fungicide and create vapors which may be flammable. Keep container closed when not in use.

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Maneb 80 Potato Fungicide should be used only in accordance with recommendations on this label.

**POTATOES:** Early and late blights - Use 1 to 2 lbs. per acre. Apply as soon as plants are 2 to 6 inches high, repeat at 5 to 10 day intervals as long as blights threaten. Under severe disease conditions, use the shorter interval or the higher dosage.

Du Pont will not be responsible for losses or damages resulting from use of this product in any manner not specifically recommended by Du Pont. User assumes all risks associated with such nonrecommended use.

**STORAGE AND DISPOSAL**  
Do not contaminate water, food or feeds by storage or disposal.  
**PESTICIDE DISPOSAL:** Pesticide spray mixture or rinse water that cannot be used in accordance with label instructions must be disposed of according to applicable Federal, state or local procedures.  
**CONTAINER DISPOSAL:** Completely empty bag by shaking and tapping sides and bottom to dislodge remaining particles. Empty residue into application equipment. Then dispose of bag in accordance with local, state or Federal regulations allowed by state and local authorities.

**SPRAYS—** Unless otherwise stated use "Maneb 80 Potato Fungicide" at a rate of 1 to 2 lbs. per acre in sufficient water to provide thorough coverage, usually 20 to 100 gals. for ground application and 5 to 10 gals. for aerial application. In case of severe disease outbreaks or when weather conditions favor disease, use 2 lbs. per acre and shorten interval between applications. Wash required amount of product through the filter screen while tank is filling with water. Add a spreader-sticker spray adjuvant if needed.

**DUSTS—** Maneb 80 Potato Fungicide may be used at concentrations of 1 to 8 to 48 to 64 active grams, otherwise stated, by dusting and thoroughly mixing with fine phosphate or some other neutral dust. Use dust mixtures as soon as possible after preparation. Commonly used seed boxes may dispense an equivalent amount of product in preparing the dust mixtures.
