Reg. No. 352-446

## PLUS "PUMA<sup>1</sup> 1 EC" HERBICIDE

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

DuPont ALLY® herbicide, EXPRESS® herbicide, HARMONY® EXTRA herbicide, and HARMONY® GT herbicide can be tankmixed with "Puma 1EC" for control of some annual grass weeds. This tankmix may also include MCPA ester, bromoxynil or bromoxynil/MCPA for greater spectrum of broadleaf control - see "Puma 1EC" label for specific use directions and restrictions on tank mixes.

Read and follow all label instructions on the EPA approved "Puma 1EC" label for tank mixes, application timing, precautions, and restrictions. If those recommendations conflict with this label, do not tank mix the product with ALLY® herbicide, EXPRESS® herbicide, HARMONY® EXTRA herbicide, or HARMONY® GT herbicide.

### IMPORTANT

**BEFORE USING THESE PRODUCTS, READ AND FOLLOW ALL APPLICABLE DIRECTIONS, RESTRICTIONS AND PRECAUTIONS ON THE EPA-REGISTERED LABELS.**

This bulletin contains new or supplemental instructions for use of this product which do not appear on the EPA-registered package label. Follow these instructions carefully.

This labeling must be in the possession of the user at the time of pesticide application.
