

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (771) 567 WASHINGTON, D.C. 20460	EPA REGISTRATION NO. 492-457	DATE OF ISSUANCE JAN 2 1985
	TERM OF ISSUANCE Unconditional	
NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREГИSTRATION (Under the Federal Insecticide, Fungicide and Rodenticide Act, as amended)		
NAME OF PESTICIDE PRODUCT Dupont Velpar RP herbicide		

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Dupont de Nemours and Company
 Wilmington, DE 19898

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered under provisions of Section 3(c)(5) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. A registration standard has been issued for hexazinone.

All new labels are prepared under ENVIRONMENTAL HAZARDS to place the sentence - Keep out of any body of water with - Do not apply directly to any body of water.

Until and unless you receive approval for supplemental labeling for this product, limit the reference to recommendations available through local dealers.

A stamped copy of the label is enclosed.

EPA Reg. No. 352

DuPont "Velpar" RP Herbicide is a liquid product to be applied undiluted with an exact delivery handgun applicator as an individual stem treatment for control of undesirable woody plants in rangeland. It is non-corrosive to equipment.

At recommended rates, "Velpar" RP provides control of undesirable woody plants such as elm, hackberry, hudsache, juniper spp. (redberry, eastern red cedar), mesquite, myrtle, oak, osage orange (bois d'arc), tallow, whitebrush and willow. On woody plants, symptoms usually appear within 3 weeks after sufficient rainfall has carried the herbicide into the root zone where it is absorbed during periods of active plant growth. Defoliation and subsequent retoliation may occur, but susceptible plants are killed. The effect of treatment will vary with the amount applied, soil type, rainfall, timing and uniformity of application and other conditions.

Keep out of reach of children PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER! CAUSES EYE DAMAGE.

Do not get in eyes. Wear goggles or face shield and rubber gloves when handling. Avoid contact with skin and clothing. Avoid breathing spray mist. Harmful if swallowed.

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Get medical attention if skin irritation persists. Remove and wash contaminated clothing before re-use.

ENVIRONMENTAL HAZARDS

Keep out of any body of water. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL AND CHEMICAL HAZARDS

Flammable. Keep away from heat, sparks, and open flame. Keep containers closed.

Under the Federal Insecticide, Fungicide, and Rodenticide Act, it is a violation of federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

STORAGE: Do not subject to temperatures below 32°F. Store product in original container only, away from other pesticides, fertilizer, food, or feed.

DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Triple rinse (or equivalent) the container. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

IMPORTANT

Injury or loss of desirable trees or other plants may result from failure to observe the following:

Do not apply except as recommended or drain or flush equipment on or near desirable trees or other plants, or on areas where their roots may extend, or in locations where the chemical may be washed or moved into contact with their roots. Do not use on lawns, walks, driveways, or tennis courts, or similar areas. Prevent drift of spray to desirable plants. Keep from contact with fertilizers, insecticides, fungicides and seeds.

Thoroughly clean all traces of "Velpar" RP from application equipment immediately after use.

NOTICE OF WARRANTY

DuPont warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for the purposes stated on such label only when used in accordance with directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of DuPont. In no case shall DuPont be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the Buyer. DUPONT MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

DIRECTIONS FOR USE

DuPont "Velpar" RP should be used only in accordance with recommendations available through local dealers.

DuPont will not be responsible for losses or damages resulting from use of this product in any manner not specifically recommended by DuPont. User assumes all risk associated with such non-recommended use.

Make application just before or during period of active growth of brush species to be controlled. Apply "Velpar" RP with an exact delivery handgun applicator. This equipment delivers a thin stream of predetermined volume when triggered. Direct the application to the soil within 3' of the root collar at the rate of 2 to 4 milliliters for each 1" of stem diameter of brush to be controlled, but not to exceed 1/3 gallon of "Velpar" RP per acre per season. When treating large stems, and when more than one shot of "Velpar" RP is needed per stem, make application on opposite sides of the stem. Do not treat more than 300 one-inch stem equivalents (approximately 70 brush plants) per acre per season.

NOTE: For effective brush control and prevention of damage to desirable vegetation, do not apply to brush standing in water; do not use water from treated ditches for irrigation; do not use where desirable trees or shrubs are immediately adjacent to the treated area.

Do not use on marshy or poorly drained sites nor on soils classified as clays. Do not cut hay from treated grasses. Do not use on pastures.

NOTICE TO BUYER

Purchase of this material does not confer any rights under patents of countries outside of the United States.
