

**"ESCORT" HERBICIDE  
EPA REG. NO. 352-439**

**SUPPLEMENTAL LABELING  
"ESCORT" HERBICIDE AND TANK MIXES  
WITH "VELPAR" L [1] SELECTIVE WEED CONTROL IN  
LOBLOLLY PINE PLANTATIONS**

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Du Pont "Escort", alone or tank-mixed with "Velpar" L (or "Velpar"), is recommended for control of brush and weeds in established plantations of loblolly pine at least 1 year old in Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, and West Virginia.

In addition to brush species listed on "Velpar" L labeling, the combination controls or improves control of blackberry, black gum, elm, winged elm, and cherry. Additionally, the combination controls many weeds as shown on product labels.

Apply 1.5 oz "Escort" in 5 to 30 gals per acre. For broader spectrum control, tank mix with "Velpar" L (or "Velpar") at rates recommended on container labels. The combination should be applied during late spring to early summer.

Apply by helicopter as described on the "Velpar" L container label. Application may also be applied by ground spray equipment.

- NOTE:
1. Do not apply where conifers are suffering from loss of vigor caused by insects, disease, drought, winter damage, or other stresses, as injury may result.
  2. Do not add surfactant to tank mixes containing "Velpar" or "Velpar" L.
  3. Use on coarse textured, gravelly or rocky soils or exposed subsoils may result in conifer injury.

**BEST AVAILABLE COPY**

5. Do not use on poorly drained or marshy sites.
6. Temporary distortion of tip growth of pine may occur.
7. Do not apply by air within 200 feet of any homestead, agricultural land or other desirable plantings, agricultural land or any body of water. Do not apply when weather conditions favor drift from treated areas.
8. See "Escort" container labeling for sprayer clean-out instructions.
9. Follow all restrictions on labeling of both products.

IMPORTANT

BEFORE USING "ESCORT" PLUS "VELPAR" L OR "VELPAR", READ AND CAREFULLY NOTE THE CAUTIONARY STATEMENTS AND ALL OTHER INFORMATION APPEARING ON THE PRODUCT CONTAINER LABELS.

This bulletin contains new or supplemental instructions for use of these products in combination which does not appear on the package label. Follow the instructions carefully.

This labeling must be in the possession of the user at the time or pesticide application.
