KEEP OUT OF REACH OF CHILDREN WARNING

AVISO! PRECAUCION AL USUARIO: Si usted no lee ingles, no use este producto hasta que la etiqueta haya sido explicada ampliamente.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS

WARNING! May be fatal if swallowed. Do not breathe vapors. Causes eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Immediately flush eyes with plenty of water for at least 15 minutes while holding eyelids open. Get medical attention.

IF ON SKIN: Wash with soap and water immediately. After drying apply Vitamin E cream or oil (these can be purchased at most pharmacies, drug stores, and supermarkets). If Vitamin E cream or oil is not immediately available, apply any vegetable oil liberally over any painful areas. The oil or cream (vegetable or Vitamin E) may be used repeatedly until relief is achieved. Symptoms will often disappear over several hours and, with Vitamin E oil or cream, sometimes relief comes within minutes. Get medical attention.

IF INHALED: Remove victim to fresh air and provide oxygen if breathing is difficult. Get medical attention.

IF SWALLOWED: Do not give liquids if victim is unconscious or very drowsy. Otherwise, give no more than 2 glasses of water and induce vomiting by giving 30 cc (2 tablespoons) syrup of Ipecac. If Ipecac is unavailable, give 2 glasses of water and induce vomiting by touching finger to back of victim's throat. Keep victim's head below hips while vomiting. Get medical attention.

NOTE TO PHYSICIAN: If victim is a child, give no more than 1 glass of water and 15 cc (1 tablespoon) syrup of Ipecac. If symptoms such as loss of gag reflex, convulsions or unconsciousness occur before emesis, gastric lavage should be considered following intubation with a cuffed endotracheal tube.

For medical emergencies involving this product, call toll free 1-800-441-3637.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

FOR FORMULATION USE ONLY

ACTIVE INGREDIENT	BY WEIGHT
(S)-cyano(3-phenoxyphenyl)methyl (S)-4-chloro-alpha-(1-methylethyl)benzeneacetate	82%
INERT INGREDIENTS & RELATED COMPOUNDS	18%
TOTAL	100%

EPA REG. NO. 352 - 503

EPA EST. NO. 352 - AL - 1

DIRECTIONS FOR USE
