Subject: Amendment: Label Revisions
DuPont Technical Asana Insecticide
EPA Registration No. 352-503
Your submission dated September 13, 2000

Dear Ms. Mullin:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable, subject to the comments listed below. A stamped copy of the labeling is enclosed for your records.

1. Change the heading "Statement of Practical Treatment" to "First Aid".
2. EPA has issued PR Notice 2000-3 revising first aid statements. The following are revised statements that are required for products placed in toxicity category III and above. Please revise your label accordingly.

"IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice".

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

SPROAT
12/14/00~~

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center for treatment advice.

3. Add the following statement to your "First Aid" section: "Have the product container or label with you when calling a poison control center or doctor, or going for treatment"
4. Please revise the "Precautionary Statements section of your label to read "May be fatal if swallowed. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash clothing before reuse."

If you have any questions, please call Dr. William Sproat of my team at 703-308-8587.

Sincerely,

George T. LaRocca

KEEP OUT OF REACH OF CHILDREN WARNING

AVISO! PRECAUCION AL USUARIO: Si usted no lee ingles, no use este producto hasta que la etiqueta haya sido explicada ampliamente.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS

WARNING! May be fatal if swallowed. Do not breathe vapors. Causes eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Immediately flush eyes with plenty of water for at least 15 minutes while holding eyelids open. Get medical attention.

IF ON SKIN: Wash with soap and water immediately. After drying apply Vitamin E cream or oil (these can be purchased at most pharmacies, drug stores, and supermarkets). If Vitamin E cream or oil is not immediately available, apply any vegetable oil liberally over any painful areas. The oil or cream (vegetable or Vitamin E) may be used repeatedly until relief is achieved. Symptoms will often disappear over several hours and, with Vitamin E oil or cream, sometimes relief comes within minutes. Get medical attention.

IF INHALED: Remove victim to fresh air and provide oxygen if breathing is difficult. Get medical attention.

IF SWALLOWED: Do not give liquids if victim is unconscious or very drowsy. Otherwise, give no more than 2 glasses of water and induce vomiting by giving 30 cc (2 tablespoons) syrup of Ipecac*. If Ipecac is unavailable, give 2 glasses of water and induce vomiting by touching finger to back of victim's throat. Keep victim's head below hips while vomiting. Get medical attention.

NOTE TO PHYSICIAN: *If victim is a child, give no more than 1 glass of water and 15 cc (1 tablespoon) syrup of Ipecac. If symptoms such as loss of gag reflex, convulsions or unconsciousness occur before emesis, gastric lavage should be considered following intubation with a cuffed endotracheal tube.

For medical emergencies involving this product, call toll free 1-800-441-3637.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office or the EPA.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

STORAGE: Store in a secure, dry and temperate area. Store in original container. Keep container closed when not in use. Do not store near food or feed. Do not use or store around the home. Avoid contact with water. In case of spill or leak, soak up with sand, earth or synthetic absorbent (do not use alkaline absorbents) and dispose of wastes in compliance with local, State and Federal regulations.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

NOTICE OF WARRANTY

Du Pont warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. It is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Du Pont. In no case shall Du Pont be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the Buyer. With regard to any formulator's product prepared from this manufacturing use product, Du Pont disclaims any liability related to unsupported and unlisted uses not appearing on this label. DU PONT MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

Sumitomo Chemical Company, Ltd., holds U.S. patents for the active ingredient. Sales by E. I. du Pont de Nemours & Co. (Inc.) of products containing the active ingredient are made under agreements with Sumitomo Chemical Company, Ltd.

NOTICE TO BUYER: Purchase of this material does not confer any rights under patents of countries outside of the country in which it was purchased from Du Pont, except where rights are conferred by operation of law.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into an insecticide for:

1. The following uses:

Terrestrial Food Crops: Almonds, Apples, Apricots, Artichokes, Beans (dry or snap beans), Blueberries, Broccoli, Cabbage, Caneberries, Cantaloupe, Carrots, Cauliflower, Cherries, Chinese Broccoli, Chinese Cabbage, Collards, Corn (field, sweet, pop, seed), Cotton, Cucumber, Eggplant, English Walnuts, Filberts, Head Lettuce, Honeydew melon, Kohlrabi, Lentils, Melons, Mustard Greens, Nectarines, Peaches, Peanuts, Pears, Peas (dry or succulent), Pecans, Peppers, Plums, Prunes, Potatoes, Pumpkin, Radishes, Sorghum, Soybeans, Squash (winter, summer), Stone fruits, Sugar Beets, Sugarcane, Sunflower, Tomatoes, Turnips, Watermelon.

Terrestrial nonfood uses: Christmas tree plantings, noncrop land.

Forestry uses: Conifer seed orchards, forest tree nurseries.

2. Uses for which USEPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration.

3. Uses for experimental purposes that are in compliance with USEPA requirements.

Formulators using this product are responsible for obtaining EPA registration for their formulated products.

Handwritten marks: 'e', 'g', 'w'.
