NEW LOROX PLUS® HERBICIDE

EPA REG. NO. 352-543

REDUCED RATE FOLLOWED BY "CLASSIC" HERBICIDE AND/OR "PINNACLE" HERBICIDE

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product through any type of irrigation system.

For use on soybeans only.

HOW TO USE

Du Pont "Lorox Plus" Herbicide may be applied preplant incorporated or pre-emergence at a reduced rate when followed by Du Pont "Classic" Herbicide, Du Pont "Pinnacle" Herbicide or a tank mix of "Classic" plus "Pinnacle" for postemergence broadleaf weed control in soybeans. This treatment will control those broadleaf weeds listed on the "Lorox Plus", "Classic" and "Pinnacle" product labels.

Apply "Lorox Plus" at rate of 12 ounces of product per acre to any soil texture with 1/2 to 3% organic matter as directed on the "Lorox Plus" label. Follow the "Lorox Plus" preplant incorporated or preemergence reduced rate with a post-emergence application of "Classic", "Pinnacle" or a tank mix of "Classic" plus "Pinnacle" at labeled rates when weeds are small and actively growing. This is usually 14 - 28 days after preplant incorporated or preemergence application of "Lorox Plus".

Refer to the "Lorox Plus", "Classic" and "Pinnacle" product labels for specific use instructions, limitations, precautions, and rotational crop restrictions.

For grass weed control "Lorox Plus" can be applied in a tank mix with or following an application of alachlor (such as Lasso[®]), trifluralin (such as Trellan[®]), Dual[®], Prowl[®], or Sonalan[®]. Read and follow the product label for use of these products.

IMPORTANT

BEFORE USING "LOROX PLUS", "CLASSIC", OR "PINNACLE" HERBICIDES READ AND CAREFULLY OBSERVE THE CAUTIONARY STATEMENTS AND ALL OTHER INFORMATION APPEARING ON THE PRODUCT LABEL.

This bulletin contains new or supplemental use for these products which may not appear on the package labels. Follow the instructions carefully.

This labeling must be in possession of the user at the time of application.
