

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505C)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

352-646

Date of Issuance:

12/17/04

Term of Issuance: Conditional

Name of Pesticide Product:

Dupont Advion Ant Bait
Station

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

E.I. du Pont de Nemours and Company
Stine-Haskell Research Center
P.O. Box 30
Newark, DE 19714

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you make the following label modifications:

1. Submit and/or cite all data required for registration/reregistration of your product when the Agency requires all registrants of similar products to submit such data.
2. Refrain from adding any references to Child Resistant Packaging (CRP) on the label based on current packaging specifications.
3. In the Storage and Disposal box, immediately after the Disposal heading:
 - Add "If empty:" prior to "Do not reuse/refill..."
 - After "If partially filled" delete "Wrap in newspaper and discard in trash or"
 - After "solid waste authority" add "or [insert toll free number that meets criteria in paragraph II E of PR Notice 2001-6.]
4. Replace the EPA Reg. No. with 352-646.

Signature of Approving Official:

Date:

December 17, 2004

John Hebert, Product Manager (07)
Insecticide-Rodenticide Branch, Registration Division (7505C)

page 2
EPA Reg. No. 352-646

5. Submit two copies of your revised final printed label before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. If you have any questions, please contact Ann Hanger at (703) 306-0395 or hanger.ann@epa.gov.

ant bait station

ACCEPTED
with COMMENTS
In EPA Letter Dated:

DEC 17 2004

Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No.
352-646

FOR USE IN RESIDENTIAL,
INSTITUTIONAL, COMMERCIAL, AND
INDUSTRIAL AREAS

<i>Active Ingredient</i>	<i>By Weight</i>
Indoxacarb (S)-methyl 7-chloro-2,5-dihydro-2-[[[(methoxy- carbonyl)[4(trifluoromethoxy)phenyl]amino]- carbonyl]indeno[1,2-e][1,3,4]oxadiazine-4a- (3H)-carboxylate	0.05%
Other ingredients	99.95%
TOTAL	100.0%

EPA Reg. No. 352-XXX

Establishment Nos.:

Net Contents: oz bait stations Total Weight: oz (g)

**DO NOT ALLOW CHILDREN OR PETS TO
PLAY WITH THE BAIT STATIONS**

CAUTION

FIRST AID

You may contact 1-800-441-3637 for emergency medical
treatment.

PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS
(AND DOMESTIC ANIMALS)**

CAUTION

Wash thoroughly with soap and water after handling bait
stations.

RESIDENTIAL, INSTITUTIONAL, COMMERCIAL, AND INDUSTRIAL AREAS

Use sites include but are not limited to single and multi-family residential buildings, institutional, commercial and industrial facilities (including schools, hospitals, warehouses, apartments, supermarkets, restaurants, motels, hotels, food handling/storage establishments, food manufacturing and processing facilities/plants), and transportation equipment such as aircraft, trains, ships, boats, buses.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

GENERAL INFORMATION

DuPont™ ADVION™ ant bait stations contain bait material with the active ingredient indoxacarb, an insecticide that acts through ingestion by ants. The activity of this insecticide allows adequate consumption of the bait by ants prior to onset of mortality. This provides enough time for foraging ants to return to nest sites and contaminate other colony members including larvae and queens. This action results in complete control of the ant colony.

Space sprays or other residual materials should not be applied directly to or near the bait stations. Application of these materials can cause ants to behave abnormally and therefore reduce the potential of feeding on the bait material inside the station. Foraging ants must be able to feed on the bait and return to the colony.

ADVION™ ant bait stations should be placed in areas where ants are currently foraging or foraging activity is suspected. The ant bait stations should be placed adjacent to active foraging trails when possible. Care should be exercised in order to reduce the disturbance to the natural foraging pattern. If placed along foraging trails properly, ants should detect and begin feeding at the bait station within approximately 30 minutes. An increase in foraging activity around the station indicates good recruitment.

ADVION™ ant bait stations meet minimum child resistant packaging test requirements. Still use care when placing ant bait stations, especially in or around homes or residential buildings.

Indoor Use:

1. Thoroughly inspect infested area to determine proper placement of ADVION™ ant bait stations.
2. Placement of 1-4 ant bait stations where ants are observed is adequate to control normal ant infestations. Heavy infestations or infestations that are difficult to access or heavier infestations in larger areas may require application of additional ADVION™ ant bait stations..
3. ADVION™ ant bait stations may be placed on vertical surfaces by using the adhesive on the bottom of the station. Additional adhesive can be applied if necessary.
4. In addition to being placed directly along foraging trails, place ADVION™ ant bait stations along walls, under appliances or industrial equipment, inside garbage containers, inside cabinets, under furniture, or any locations where

there is ant activity or ants can potentially gain entry into a building or structure.

5. Do not place stations on food preparation surfaces.
6. Inspect the ADVION™ ant bait stations periodically and replace as needed or every 2 to 3 months.

Outdoor Use:

1. Thoroughly inspect infested area to determine proper Advion Ant Bait Station Placement. Pay close attention to areas where ants may gain access to a building or structure
2. Apply Advion Ant Bait stations on or near building/structure exterior areas where ants are actively foraging such as near tree bases, along exterior walls, around garbage-collection areas, utility accesses, windows, vents, or along the ground next to structures.
3. ADVION™ ant bait stations can be placed on vertical surfaces by using the adhesive on the bottom of the station. Additional adhesive can be applied if necessary.
4. Placement of 1-4 ant bait stations where ants are observed is adequate to control normal ant infestations. Heavy infestations or infestations that are difficult to access or heavier infestations in larger areas may require application of additional ADVION™ ant bait stations.
5. Inspect the ADVION™ ant bait stations periodically and replace as needed or every 2 to 3 months.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

STORAGE: Store in cool, dry place inaccessible to children and pets.

DISPOSAL: Do not reuse/refill this bait station. Place empty bait stations in trash or offer for recycling if available. If partially filled- Wrap in newspaper and discard in trash or call your local solid waste authority for disposal instructions.

NOTICE TO BUYER--Purchase of this material does not confer any rights under patents of countries outside of the United States. .
