Wilmington, DE 19898

Subject: Supplemental Label (Rotation Interval to Peanuts in the States of
Alabama and Georgia)
DuPont FirstShot SG Burndown Herbicide (with TotalSol soluble granules)
EPA Reg. No. 352-755
Application Dated November 30, 2011

Dear Mr. Bockrath:

The supplemental labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable.

The supplemental labeling must be incorporated into the main product labeling within eighteen (18) months of the date of this letter.

A stamped copy of your label is enclosed for your records. You must submit one (1) copy of the final printed label before you release the product for shipment. Products shipped after eighteen (18) months from the date of this letter must bear the new revised label. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA §6(e). Your release for shipment of the product constitutes acceptance of these conditions.

If you have any questions, please contact Mindy Ondish at (703)605-0723 or at ondish.mindy@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Kable Bo Davis", written over a horizontal line.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CROP ROTATION

Minimum Rotation Intervals

Labelled crops may be planted at specified time intervals following application of labelled rates of DuPont™ FIRSTSHOT® SG burndown herbicide (with TotalSol® soluble granules). In the states of Alabama and Georgia, peanuts can be planted 30 days after a burndown treatment with FIRSTSHOT® SG. Where FIRSTSHOT® SG is used on light textured soils, such as sands or loamy sands, extend time to planting by 7 additional days. Where FIRSTSHOT® SG is used on high pH soils (>7.9), extend time to planting by 7 additional days.

IMPORTANT

BEFORE USING FIRSTSHOT® SG BURNDOWN HERBICIDE, READ AND FOLLOW ALL APPLICABLE DIRECTIONS, RESTRICTIONS AND PRECAUTIONS ON THE EPA-REGISTERED LABEL.

This bulletin contains new or supplemental instructions for use of this product which do not appear on the EPA-registered package label. Follow the instructions carefully. This labeling must be in the possession of the user at the time of pesticide application.

DR-1061 081711

This supplemental label expires on August 15, 2014 and must not be used or distributed after this date.
