

**No Fuss No Muss No Traps  
Their Last Meal**

Unravel the wax paper stem from around each "Not", leave seed in wrapper and place at 8 to 10 foot intervals under shelves, in cupboards or other likely infested areas. Remove all other food sources. A small dish of water should be placed nearby. For rats use RAT-NOTS.

Collect and burn or bury all uneaten baits after 72 hours. Do not treat the same area with strychnine in less than 60-day intervals. Collect and burn or bury all dead animals.

Baits should be placed in areas not accessible to children, pets, wildlife and domestic animals or in tamper-proof bait boxes.

When used outdoors treated seeds exposed on soil surface may be hazardous to birds and other wildlife. Do not contaminate water by cleaning of equipment, or disposal of wastes. Dispose of excess treated seeds or wastes by burial. Apply this product only as specified on this label.
