USING PATENTED APPLICATORS

1. Bend one end of APPLICATOR and dip straight end into DOG-CHECK liquid saturating to a point one inch from bend.
2. Hang treated APPLICATORS on branches of evergreens, and other shrubbery to be protected, also to handles of garbage pails, fence railings, etc.

3. APPLICATORS may also be attached to small sticks of wood and the sticks pushed into earth along flower beds, benches, borders, garden crops, etc.
4. Not necessary to remove APPLICATORS after treatment. Just place another APPLICATOR in area if needed and re-treat.

Dogs and cats are known to be creatures of habit and by correcting these habits no further trouble will be experienced.
