ATLAS "A"®

A SODIUM ARSENITE SOLUTION

(Contains 4 Pounds of As₂O₃ per Gallon)

NET CONTENTS
GALLONS

ACTIVE INGREDIENT:

Sodium Arsenite (NaH₂AsO₃)₂ • HAsO₂ 44.0%

INERT INGREDIENTS 56.0%

Total Arsenic all in water soluble form expressed as metallic 24.5%
Contains 4 lbs. arsenic trioxide (As₂O₃) per gal. at 68° F.

POISON-DANGER
Keep Out of Reach of Children

ANTIDOTE: Give a tablespoonful of salt in a glass of warm water and repeat until vomit fluid is clear. Then give two tablespoonfuls of Epsom Salts or Milk of Magnesia in water, and plenty of milk and water. Have patient lie down and keep quiet. CALL A PHYSICIAN IMMEDIATELY!

DANGER: Poisonous if swallowed. Keep people and animals away from chemical, empty drums and diluted spray. Keep spray off all vegetation not to be killed. Keep livestock off treated areas. Do not permit animals to feed on treated vegetation. Do not contaminate feeds and foodstuffs. Wash and rinse empty drums thoroughly with plenty of clear water. Wash spray equipment thoroughly after use.

DANGER: Avoid getting spray or concentrate in the eyes, nose and mouth or on skin and clothing. Goggles should be worn by spray operators; flush eyes out thoroughly with water and bathe with boric acid solution if splashed in eyes. SEE A DOCTOR. Do not breathe spray mist. In case of skin contact, wash off immediately. Wash contaminated clothing with hot, soapy water before re-use. If skin rash and festers develop from unsuspected contact, apply milk of magnesia to affected skin areas after washing thoroughly; repeat application if needed.

Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place.

Do not apply to areas underlaid by roots of desirable trees and shrubs.

Dispose of rinse water where it will not be a hazard to humans, animals or wildlife. Do not contaminate water used for irrigation or domestic purposes. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes.

Birds and other wildlife in treated areas may be killed. Apply this product only as specified on this label.

This product is toxic to wildlife.

This product is highly toxic to bees exposed to direct treatment or residues on crops.

Protective information may be obtained from your Cooperative Agricultural Extension Service.

DIRECTIONS

NON-SELECTIVE WEED CONTROL: For treatment of bare ground and small enclosed industrial areas such as tank farms and substations, use 1 pint of Atlas "A" mixed with 2 1/2 gallons of water; apply with sprayer to cover 500 square feet of area. For non-selective weed control in enclosed industrial areas, use the same rate wetting all leaves, stems, and root crowns. Do not use around the home or on or near desirable plants. Avoid spray drift to desirable plants. Do not use more than 12 1/2 gallons (50 pounds arsenic trioxide equivalent) per acre.

Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

Do NOT Use or Store in or Around the Home • Do NOT Store with Foodstuffs • Do NOT Allow Domestic Animals To Graze Treated Areas
