ACTIVE INGREDIENTS:

Isooctyl ester of 2,4 Dichlorophenoxyacetic acid* 6.95%

Isooctyl ester of 2,4,5 Trichlorophenoxyacetic acid** 2.25%

INERT INGREDIENTS 90.80%

*Equivalent to 4.61% 2,4 Dichlorophenoxyacetic acid

**Equivalent to 1.56% 2,4,5 Trichlorophenoxyacetic acid

CAUTION: Keep Out of Reach of Children

Seller's guarantee shall be limited to the terms of the label, and subject thereto the buyer assumes any risk to persons or property arising out of use or handling and accepts the product on these conditions

Do NOT Store with Foodstuffs

CAUTION: Harmful if swallowed. Avoid contact with skin or clothing. In case of contact flush eyes with water and wash skin with soap and water. Avoid breathing vapors. Do not use or store near heat or open flame.

Do NOT allow solution or spray drift to contact crops. Among crops highly susceptible to 2,4-D and 2,4,5-T are cotton, tobacco, black-eyed peas, beans, tomatoes, and many vegetables, grapes, fruit trees and some ornamentals. Sprays are less likely to drift than are fine mist sprays. It is difficult to completely clean 2,4-D and 2,4,5-T from sprayer equipment, therefore do not use such sprayers or equipment for purposes where even trace amounts of herbicide may cause injury. Do not reuse shipping containers for crushing and burying. Avoid contamination of well water, irrigation and domestic use. Do not transport with seeds, fertilizers, insecticides or fungicides. Use of this product may injure susceptible plants in the vicinity.

Do NOT Store with Foodstuffs

CAUTION: Harmful if swallowed. Avoid contact with skin, eyes or clothing. In case of contact flush eyes with plenty of water; wash skin with soap and water. Avoid breathing spray mist. Do not use or store near heat or open flame.

Do NOT allow solution or spray drift to contact desirable plants. Among crops highly susceptible to 2,4-D and 2,4,5-T injury are cotton, tobacco, black-eyed peas, beans, tomatoes, melons, other vegetables, grapes, fruit trees and some ornamentals. (Coarse sprays are less likely to drift than are fine mist sprays.) It is difficult to completely clean 2,4-D and 2,4,5-T from sprayers or other equipment; therefore do not use such sprayers and other equipment for purposes where even trace amounts of this chemical may cause injury. Do not reuse shipping containers; destroy by crushing and burying. Avoid contamination of water intended for irrigation and domestic use. Do not transport with or store near feeds, fertilizers, insecticides or fungicides. Vapors from this product may injure susceptible plants in the vicinity.
