DANGER

May be fatal if swallowed or absorbed through the skin. May produce severe burns. Do not get in eyes, on skin or clothing. Avoid breathing of spray mist, vapors, and direct contact with skin. Before using, apply protective cream or vaseline. Wear goggles and protective clothing while using.

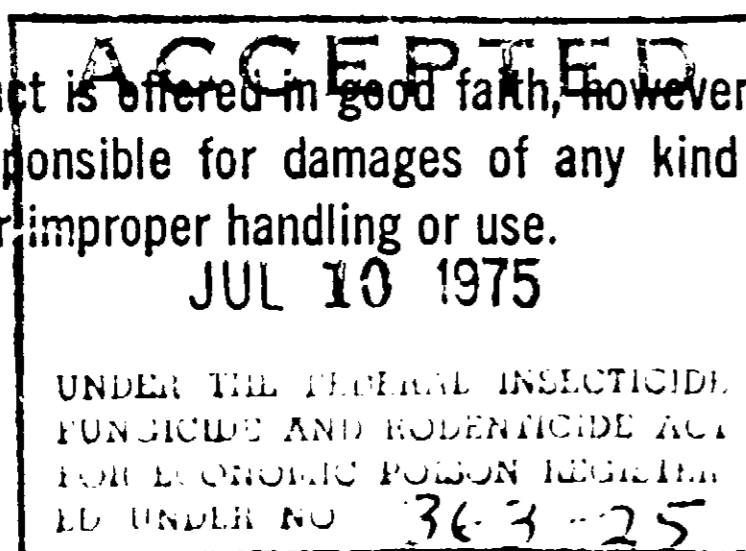

If swallowed, **do not** induce vomiting, but call a physician at once. If product gets into eyes, flush with plenty of cold water and call a physician at once. If product gets on the skin, wash carefully with soap and water and apply vaseline. Have physician attend the affected area as soon as possible. Clothing and other apparel coming into contact with product should be washed off carefully with soap and water.

Keep away and out of reach of children, pets, domestic animals and foodstuffs.

Rinse equipment and containers and dispose of wastes by burying in noncrop lands away from water supplies. Do not contaminate water used for irrigation or domestic purposes, or use near wells or streams where run-off is likely to occur. Containers should be disposed of by punching holes in them and burying with wastes.

NOTICE

This product is offered in good faith, however the seller is not responsible for damages of any kind caused by careless or improper handling or use.

DESCRIPTION

C-4 BRAND SOLUBLE CRESYLIC DISINFECTANT is a Saponified Cresylic Solution conforming with specifications of and permitted by the Animal Disease Eradication Branch of the United States Dept. of Agriculture for use as a disinfectant in connection with the interstate shipment of livestock and also for disinfection of premises which have been exposed to communicable diseases of livestock.

A.N.H. specifications require the use of 4 fluid ounces of Soluble Cresylic Disinfectant to 1 gallon of water.

This is equivalent to:

- 1/2 cupful to 1 gal. water
- 1 pint to 4 gals. water
- 1 quart to 8 gals. water
- 1 gallon to 32 gals. water

Since 1915

THE **C-4** BRAND Soluble Cresylic Disinfectant

SAPONIFIED CRESYLIC SOLUTION
