

DIRECTIONS FOR USE

FOOD HANDLING ESTABLISHMENTS - Places other than private residences in which exposed food is held, processed, prepared or served.

FOOD AREAS - Includes all areas intended for use as food preparation areas, including areas for storage, display, and service of food. Includes areas for the preparation, storage, and service of food, including areas for the preparation, storage, and service of food.

Apply a small amount directly into cracks and crevices, starting from a point capable of delivering a pin stream of insecticide in points between different elements of construction, between equipment and floors, open tags leading to voids and hollow spaces in walls, equipment legs and bases where roaches, ants, waterbugs, silverfish, and spiders hide. May be used in cordons, motor housing, junction or switch bases. Prior to application deenergize electrical equipment. After application allow time for oil to evaporate before starting motors or placing switches in the "ON" position.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.

SERVING AREAS - Facilities where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held.

Apply as a spot treatment to select surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. Do not apply when facility is in operation and foods are exposed.

NON-FOOD AREAS - Includes garbage rooms, utility rooms, floor drains, restrooms, entries and vestibules, of food storage rooms, machine rooms, boiler rooms, garages, mail closets and storage after canning or bottling, except for use behind areas and water pipes, utility rooms, and beneath sinks, lockers, tables, carpets and other areas where roaches, ants, waterbugs, and spiders may hide.

Apply as a spot treatment to select surfaces in the areas listed above. Do not apply to surfaces where food is exposed.

residex TUMBLEBUG

CAUTION!

KEEP OUT OF REACH OF CHILDREN

(See Side Panel for Additional Warning Statements)

ACCEPTED
 JUL 16 1975
 Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

ACTIVE INGREDIENTS:

Technical Chlordane	2.00%
Aliphatic Petroleum Distillate	98.00%
Total 100.00%	

FOR SPOT APPLICATION ONLY

*Equivalent to 1.2% Octachloro-4, 7-Methano-tetrahydroindane, and 0.8% Related Compounds.

A READY-TO-USE CHLORDANE FORMULATION FOR THE CONTROL OF SILVER FISH, ANTS, SPIDERS, WATERBUGS, AND NON-RESISTANT ROACHES.

USE IN RESIDENTIAL AND INDUSTRIAL STRUCTURES.

E.P.A. Reg. No. 373-35
E.P.A. Est. No. 373-NJ-1

FOR THE CONTROL OF NON-RESISTANT ROACHES OR WATERBUGS

FOR THE CONTROL OF ANTS

FOR THE CONTROL OF SILVERFISH

Apply as a spot treatment to select surfaces in the areas listed above. Do not apply to surfaces where food is exposed. Repeat treatments when necessary.

GENERAL INFORMATION

Residex Tumblebug is made with Chlordane, which proved to be much more effective in the control of Non-Resistant Roaches, silverfish, Ants, Waterbugs, and Spiders. Residex Tumblebug kills two ways - by direct contact, and by residual action.

RESIDEX TUMBLEBUG leaves an invisible film-treated surface, which will kill Non-Resistant Roaches as much as six weeks after surface was sprayed.

CAUTION

Residex Tumblebug if brought into contact with skin, can cause toxic symptoms. In case of spillage, skin, wash with soap and water. Avoid breathing spray. Do not use on household pets or humans. Do not spray on food, dishes, or cooking utensils. Do not spray on blankets or clothing. Harmful if swallowed. Keep out of reach of children.

DO NOT USE NEAR OPEN FLAME.

Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place away from water bodies.

This product is toxic to fish and wildlife. Keep out of lakes, streams or ponds. Do not contaminate water, clean up equipment, or disposal of wastes. Apply a product only as specified on this label.
