

**CAUTION  
COMBUSTIBLE MIXTURE**

**DIRECTIONS FOR USE:**

Residex 20% Emulsifiable Lindane can be used as a spray for industrial uses and in certain instances as an insecticidal paint in industrial locations. Do not apply to soil in which edible root crops are to be planted. Do not apply with lime in fresh whitewash or with other highly alkaline material.

**INDUSTRIAL USES**

Residex 20% Emulsifiable Lindane can be used as a residual insecticide for the control of exposed stages of cereal and grain insects, such as Confused Flour Beetle, Saw-toothed Grain Beetle, Indian Meal Moth and Rice Weevil. It can also be used for controlling other pests, such as Black Carpet Beetles, Silverfish and Flies. This concentrate should be diluted at the rate of 1 Pint of Residex 20% Emulsifiable Lindane in 4-1/2 gallons of water. It is best applied as a paint or coarse wetting spray. One gallon of the diluted ready-to-use emulsion should be applied to 1,000 square feet of surface. The ready-to-use solution should be applied under and behind processing machinery, to walls, floors and areas where insects congregate or hide. Particular attention should be paid to cracks and crevices from which insects are breeding or may emerge.

ACCEPTED  
2-19-71

<b>INERT INGREDIENTS:</b> . . . . .	28.2%
Total	100.0%

Contains 1.6 Pounds of Lindane Per Gallon

U.S.D.A. Reg. No. 373-48

residex

**CAUTION  
COMBUSTIBLE MIXTURE**

**IMPORTANT**

Close all open containers and processing equipment before spraying. Do not apply directly to any foodstuffs, to areas that come in direct contact with food or to food in bags or other absorptive containers. The degree of control of the above mentioned insects will be considerably more satisfactory if excessive quantities of dirt and dust are swept or vacuumed before applying the insecticide.

**WARNING**

*May be harmful if swallowed or absorbed through skin. Avoid breathing spray mist or contact. In case of contact wash thoroughly with soap and water. Avoid contamination of feed and foodstuffs.*

*Do not use in commercial food preparation areas or in edible products areas of food processing plants.*

*Not for use or storage in or around the home.*
