

DIRECTIONS FOR USE

FOOD HANDLING ESTABLISHMENTS - Places other than private residences in which exposed food is held, processed, prepared or served.

FOOD AREAS - APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY. Includes areas for receiving, storage, packing, canning, bottling, wrapping, boxing, preparing, edible waste storage and enclosed processing systems (mills, driers, edible oils, syrups). Serving areas (when food is exposed and facility is in operation also would be considered a food area).
 Apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream of insecticide in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where roaches, ants, waterbugs, silverfish and spiders hide. May be used in conduits, motor housing, junction or switch bases. Prior to application deenergize electrical equipment. After application allow time for oil to evaporate before starting motors or placing switches in the "ON" position.
 Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.
 APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.

SERVING AREAS - Facilities where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held.

Apply as a spot treatment to selected surfaces such as baseboards, under elements of construction, interiors and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)

NON-FOOD AREAS - Includes garbage rooms, lavatories, floor drains, restrooms, entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling).

Apply to baseboard areas around water pipe surfaces behind and beneath sink, lockers, tables, and other similar areas where insects hide or through which they may enter.

APPLICATIONS IN NON-FOOD AREAS (SPOT TREATMENT)

ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, AND CRICKETS - Spray heavily in all cracks around baseboards, and other places where these insects hide. Use on localized areas infested with these pests. Repeat treatment as required.

CARPET BEETLES - Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Repeat as necessary.

BROWN DOG TICKS - Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets, and localized areas of floors and floor coverings. Application should be repeated as infestations warrant and as reinfestations occur. Fresh bedding should be placed in animal quarters following treatment. *Do not treat animals with this formulation.*

FLIES, MOSQUITOES, WASPS, AND FLYING MOTHS OUTDOORS - For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames, or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

FLEAS AND CHIGGERS - For treatment of localized infestation of these insects in outdoor areas where there is no vegetation, spray thoroughly. Repeat applications as reinfestations occur.

CAUTION

Harmful if swallowed. Keep out of reach of children. Avoid breathing of spray mist and skin contact, wash thoroughly after using. Do not use on household pets or humans. Do not permit persons or pets to go on or touch treated areas, until the spray is completely dry. Avoid contamination of feed and foodstuffs. Do not smoke while using.

Do not Use, Pour, Spill, or Store Near Heat or Open Flame.

Do not reuse empty container. Destroy by crushing. Wrap and discard.

This product is toxic to fish, birds, and other wildlife. Birds feeding in treated areas may be killed. Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on the label.
