Ms. Lois Schultz
Residex Corporation
225 Terminal Avenue
Clark, NJ 07066

Dear Ms. Schultz:

Subject: Amendment - Name Change/Label Update
Pest-Pro Brand Home Insect Spray
EPA Registration No. 373-59
Your Letters Dated February 25 and March 14, 1986

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling.

- 1. Under the Precautionary Statements section, the first sentence should be revised to read:

Harmful if swallowed, inhaled, or absorbed through skin.

In addition, revise the third sentence to read:

. . . and skin contact; wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco products.

- a. Under the Directions For Use add the wording:

Do not use as a space spray. All food processing surfaces, exposed food and utensils should be covered during treatment or thoroughly washed before use.

- b. Revise the Pesticide and Container Disposal statements as follows:

Pesticide and Container Disposal

Wrap container in several layers of newspaper and discard in trash. Do not reuse empty container. Rinse thoroughly before discarding in trash.

- 2. We have noted the change in product name from "Residex Household Insect Spray" to "Pest-Pro Brand Home Insect Spray." This change will become a part of our official files.
- 3. Please submit five (5) copies of your final printed labeling before you release the product for shipment.

Sincerely yours,

George T. LaRocca
 Product Manager (15)
 Insecticide-Rodenticide Branch
 Registration Division (TS-767C)

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC
ANIMALS
CAUTION**

Harmful if swallowed. KEEP OUT OF REACH OF CHILDREN. Avoid breathing of spray mist and skin contact; wash thoroughly after using. Do not use on household pets or humans. Do not permit persons or pets to go on or touch treated areas until the spray is completely dry. Avoid contamination of feed and foodstuffs. Do not smoke while using.

Cover all fish tanks. (Shut off oxygen supply.) Remove all pets before beginning treatments.

PHYSICAL OR CHEMICAL HAZARDS

Do not Use, Pour, Spill, or Store Near Heat or Open Flame.

For spot application only. Do not use as a space spray.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, AND CRICKETS - Spray heavily in all cracks around baseboards. Use on localized areas infested with these pests. Repeat treatment as required.

CARPET BEETLES - Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Repeat as necessary.

BROWN DOG TICKS - Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets, and localized areas of floors and floor coverings. Application should be repeated as infestations warrant and as reinfestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.

**HOME
INSECT SPRAY**

A Ready-to-Use Insecticide Effective for the Control of Roaches, Ants, Silverfish, Spiders, Crickets, Carpet Beetles, Brown Dog Ticks.

STATEMENT OF PRACTICAL TREATMENT.

- If Swallowed - Call a physician or Poison Control Center immediately. DO NOT INDUCE VOMITING. Vomiting may cause aspiration pneumonia.
- If Inhaled - Remove victim to fresh air. Apply artificial respiration if indicated.
- If on Skin - Remove contaminated clothing and wash affected areas with soap and water.
- If in Eyes - Flush eyes with plenty of water. Call a physician immediately.

Note to Physician - Solvent presents aspiration hazard. Gastric lavage is indicated if material was taken internally. If symptoms of cholinesterase inhibition are present, atropine sulfate is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.
