MADE BY **residex** CORPORATION

EPA Reg No 373-66  
EPA Est No 373-NJ-1

225 TERMINAL AVENUE CLARK, NEW JERSEY 07066

KEEP OUT OF REACH OF CHILDREN AND DOMESTIC ANIMALS. Avoid prolonged exposure to the fog. If operator is directly exposed to the fog, he should wear a respirator.

Harmful if swallowed. Do not apply directly to food. Do not apply space spray while food processing is underway. Cover or remove all food processing surfaces. Thoroughly wash all food processing surfaces before re-use. After spraying in meat packing plants, bakeries, and the food processing plants, wash with potable water all equipment, benches, shelving, etc., where exposed food will be handled. In case washing is impractical, do not allow food to come in contact with treated surfaces for at least 48 hours. Food processing operations do not have to be stopped while applying a wet spray with care and in accordance with the directions and cautions given above.

Return empty drum to drum conditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label. Keep out of lakes, streams, or ponds.

### PRECAUTIONARY STATEMENT

#### HAZARD TO HUMAN AND DOMESTIC ANIMALS CAUTION

Harmful if swallowed. Avoid breathing vapor. Avoid contact with skin, eyes, or clothing. Wear mask or respirator of type recommended by NIOSH (National Institute for Occupational Safety or Health) to give adequate protection against this material. Wear protective clothing. Wash exposed skin with soap and water after handling and before eating. Wash all contaminated clothing with soap and water, separately from other clothing, before reuse.

Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is underway. After space spraying in meat packing plants, bakeries, and other food processing plants, these areas should be ventilated to remove insecticide odors, and the facilities and equipment thoroughly washed with an acceptable detergent solution and rinsed with potable water to remove all traces of contamination. In the home, all food processing surfaces and utensils should be covered during treatment and thoroughly washed with an acceptable detergent and rinsed with water.

#### ENVIRONMENTAL HAZARD

This product is toxic to fish. Do not apply to body of water. Do not contaminate water by cleaning of equipment or disposal of wastes.

#### PHYSICAL HAZARDS

Do not use, or store near heat or open flame. Exposure to temperatures about 130°F may cause bursting.

#### GENERAL INFORMATION

Residex Super Resicide Concentrate kills accessible stages of Confused and Red Flour Beetles, Indian Meal Moths, Mediterranean Flour Moths, Fleas, Brown Dog Ticks, Flies, Mosquitoes, and Centrocaches in residential and industrial buildings.

ACCE  
JUL 17 1985  
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 373-68

## STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

**STORAGE:** If container is damaged. Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On clean up of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container in a similar drum or glass container. Do not store, use, pour or spill near heat or open flame.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling, reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

## DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Residex Super Pesticide Concentrate is not a ready-to-use spray. It is a concentrate, and should be diluted with a highly deodorized base oil to the desired strength before using. These instructions only apply to the solution which does not contain residual insecticides.

**Space Spray** — Diluted for Fogging Equipment — to kill Flies, Small Flying Moths and Gnats: Cover or remove exposed food and shut off all air-conditioning or ventilating equipment. Dilute Concentrate with oil at the rate of 1 part Concentrate plus 9 parts of oil and mix well. Apply at the rate of 50 fluid ounces dilute spray (0.4 gallons) per 25,000 cubic feet of space. Direct fog upward towards upper corners of room and ceiling area. Leave room closed for one hour. Ventilate room thoroughly before the re-entry. Sweep up and destroy fallen insects.

Do not use more than one (1) gallon of space spray to each 50,000 cubic feet of space. Turn off all pilot lights. Do not use in the presence of open flames. Remove pets, birds, and cover fish aquariums before space treating. Do not remain in treated areas.

All foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Apply only when plant is not in operation.

**Contact Spray** — Diluted for use with sprayers that give large, wetting spray particles — to kill Cockroaches, Silverfish and accessible stages of Granary Insects: Rice Weevils, Confused Flour Beetles, Indian Meal Moths and Mediterranean Flour Moth Adults, Cigarettes, Grain Mites and Sawtoothed Grain Beetles: Cover or remove exposed food and close room as described above. Dilute Concentrate with oil at the rate of 1 part Concentrate plus 30 parts of oil and mix well. In homes, dispose of all infested products. Clean shelves and drawers and thoroughly spray them so as to contact all insects, and cover them with shelf paper after allowing shelves to dry. Any utensils that are contacted with spray should be washed before using.

In commercial and industrial plants, all infested stored food products should be disposed of, fumigated, or treated with a product registered for such use. Spray outside walls of grain bins, skirting, about base of milling machinery, walls and baseboards, areas behind cabinets, around pipes, around and under pallets, and other insect harborages using one gallon spray per 1,000 sq. ft. of surface. Force spray into all cracks and crevices. Repeat application as necessary.

As an additive to Residual Insecticides to aid in flecking and insecticiding: Add 2 ounces of Residex Super Pesticide Concentrate to each gallon of Residex brand Diazinon 4S or 4E Insecticide, Residex Dursban Roach Concentrate, Dow Dursban 2E Insecticide or Ciba-Geigy Diazinon 4S or 4E Insecticide. Mix well before using.

When using this product mixed with the listed residual insecticides, apply the mixture only as specified on the residual label following all directions and cautions.
