**PETTIT STARLINE BRONZE**

STARLINE BRONZE is a very effective anti-fouling bottom paint for both fresh water and salt water. Its extreme fineness and hardness is particularly recommended for racing boats. It has excellent adhesion to enamel surfaces after sanding.

For best results the old bottom paint should be cleaned to bare wood and primed with one coat of PETTIT'S RED LEAD PRIMER and allowed to dry 24 hours. Sand lightly and apply at least two coats of STARLINE BRONZE allowing two hours between coats and immersion.

For cleaning brushes and thinning if necessary, use PETTIT'S #120 BRUSHING THINNER.

Do not use STARLINE BRONZE on any type of metal boat.

EPA Reg. No. 390-10

**CAUTION**

**HARMFUL OR FATAL IF SWALLOWED. MAY CAUSE SKIN IRRITATION. COMBUSTIBLE.**

CONTAINS COPPER AND TIN COMPOUNDS AND AROMATIC HYDROCARBONS. INDUCE VOMITING. Drink milk. Avoid breathing spray mist. Do not get in eyes, on skin, or on clothing. In case of skin contact, remove contaminated clothing and immediately wash skin with soap and water. Flush eyes with water. Get medical attention if irritation persists. Avoid storage near food or feed products. Do not apply to any surface that will be used by children.

Use with adequate ventilation.

**KEEP OUT OF THE REACH OF CHILDREN.**
