PETTIT PACIFIC SPECIAL ANTI-FOULING RED

This paint is a special anti-fouling paint for use on the hulls of boats and ships. It is designed to prevent the growth of algae, barnacles, and other marine organisms on the hull surface.

DIRECTIONS

1. The hull surface must be clean, smooth, and free of old paint before application. 2. The paint should be applied with a brush or roller. 3. The paint should be applied in a uniform coat. 4. The paint should be applied to the hull surface of the boat or ship. 5. The paint should be applied to the hull surface of the boat or ship.

CAUTION

Keep out of the reach of children. Do not use in confined spaces. Do not breathe the fumes. Do not get on your skin or clothes. Do not get in your eyes. Do not get in your mouth. Do not get on your face. Do not get on your hands. Do not get on your feet. Do not get on your head. Do not get on your neck. Do not get on your ears. Do not get on your nose. Do not get on your mouth. Do not get on your throat. Do not get on your chest. Do not get on your stomach. Do not get on your back. Do not get on your arms. Do not get on your legs. Do not get on your feet. Do not get on your head. Do not get on your neck. Do not get on your ears. Do not get on your nose. Do not get on your mouth. Do not get on your throat. Do not get on your chest. Do not get on your stomach. Do not get on your back. Do not get on your arms. Do not get on your legs. Do not get on your feet.
