LETHELIN PRODUCTS CO., Inc.

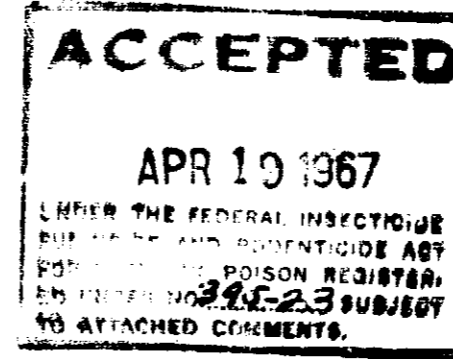

ESTABLISHED

15 MACQUESTEN PARKWAY, SOUTH - MOUNT VERNON, NEW YORK

1933

CAUTION: FLAMMABLE MIXTURE DO NOT SPRAY NEAR OPEN FLAME.

N.Y.F.D. of A No. 3827  
U.S.D.A. Reg. No.

#3

#3

N.Y.F.D. Permit No.

**DANGER:** Flammable. DO NOT smoke, drink, or eat. Contains Petroleum Distillates. Call a physician. **DO NOT PUNCTURE, INCINERATE OR STORE ABOVE 120° F.** Do not spray on clothing, buildings, fences, etc., as staining will occur. **KEEP OUT OF REACH OF CHILDREN.**

**DIRECTIONS**

**SHAKE WELL BEFORE USING.** Hold can upright about 10 to 12 inches from area to be treated. With spray nozzle pointed at the area, apply a light even coat of **TREATMENT #2** Pruning and Wound Sealer. When Tacky, apply a second coat. Sap loss due to pruning, mower damage, or other injury is stopped and faster healing will occur.

Use **TREATMENT #2** after treating with **BOREKIL** for borer damage. All borings should be filled with **BOREKIL** and then sprayed with **TREATMENT #2**. This will seal the wound, retain the insecticidal vapors of **BOREKIL**, stop sap loss, and help prevent reinfestation.

For decayed areas of trees, remove all decayed part until sound wood is reached. Treat any borings with **BOREKIL**, then spray with **TREATMENT #2** to protect the sound wood and promote more rapid healing.
