Dr. Raymond A. Cardona
Chemical Group
Uniroyal, Inc.
Crop Protection, Research and Development
74 Amity Road
Bethany, CT 06525

Dear Dr. Cardona:

Subject: Updated Labeling for Uniroyal Product
OMITE[®]-57E
EPA Registration No. 400-83
Your Submission Dated January 28, 1986

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. The Environmental Hazard statement should be revised to read:

This product is toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water by cleaning of equipment or disposal of wastes.

- b. The following crop rotational restriction must be placed on the label:

Do not plant any food or feed crop in rotation within 6 months after last application of

CONCURRENCES

SYMBOL ▶								
SURNAME ▶								
DATE ▶								

propargite unless the crop is a registered use for propargite."

- c. Since the crops on this label may require hand labor, the reentry statement must be revised to ~~read as follows:~~ ^{include} as follows:

Do not allow worker reentry into treated fields within 3 days of application for strawberries, and within 7 days for all other agricultural uses of propargite, unless appropriate protective clothing is worn. Protective clothing means at least a hat or other suitable head covering, a long-sleeved shirt and long-legged trousers or a coverall-type garment (closely woven fabric covering the body, including the arms and legs), chemical-resistant gloves, socks, and shoes.

- d. Add the following protective clothing statement:

Mixer/loaders must wear goggles or a face shield, chemical-resistant apron, long-sleeve shirt, long pants, and mid-forearm to elbow length chemical-resistant gloves. Applicators must wear a long-sleeve shirt and long pants, and chemical-resistant gloves while applying this pesticide. Applicators must also wear a wide-brimmed hat during upward directed spraying.

Any article of clothing worn while applying product must be cleaned before reuse. Clothing should be laundered separately from household articles. Clothing that has been drenched or has otherwise absorbed concentrated pesticide must be disposed of in a sanitary landfill, incinerated, or burned if allowed by State and local authorities.

- e. The following endangered species statement must be added to the labeling:

The use of any pesticide in a manner that may kill or otherwise harm an endangered or threatened species or adversely modify their habitat is a violation of Federal laws. The use of this product is controlled

BEST AVAILABLE COPY

to prevent death or harm to endangered or threatened species that occur in the following counties or elsewhere in their range.

Before using this pesticide in the following counties, you must obtain the EPA Cropland Endangered Species Bulletin. The use of this pesticide is prohibited in these counties unless specified otherwise in the Bulletin. The EPA Bulletin is available from either your local pesticide distributor, your County Agricultural Extension Agent, the Endangered Species Specialist in your State Wildlife Agency Headquarters or the appropriate Regional Office of the U.S. Fish and Wildlife Service (FWS). THIS BULLETIN MUST BE REVIEWED PRIOR TO PESTICIDE USE.

- f. Add the following statement (in bold letters):

**RECOMMENDED FOR AGRICULTURAL ~~AND DOMESTIC~~
USE ONLY.**

2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

George T. LaRocca
Product Manager (15)

OMITE®-57E

AGRICULTURAL MITICIDE

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS

DANGER

Corrosive, causes eye damage. Harmful if swallowed, inhaled or absorbed through skin. Do not breathe vapors or spray mist. Do not get in eyes, on skin or on clothing. Wear goggles or face shield when handling. Wash hands and face thoroughly with soap and water after use and before eating or smoking.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and shrimp. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Flammable, keep away from heat and open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

REENTRY STATEMENT

Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons.
Do not enter treated areas without protective clothing until sprays have dried.
Because certain states may require more restrictive reentry intervals for various crops treated with this product, consult your State Department of Agriculture for further information.
Written or oral warnings must be given to workers who are expected to be in a treated area or in an area about to be treated with this product. When oral warnings are given, warnings shall be given in a language customarily understood by workers. Oral warnings must be given if there is reason to believe that written warnings cannot be understood by workers. Written or oral warnings must include the following information:
"**DANGER**" Area to be treated with propargite on (date of application). Do not enter without appropriate protective clothing until sprays have dried. If accidentally exposed, consult the Statement of Practical Treatment portion of the pesticide label for first aid recommendations.

DIRECTIONS FOR USE

OMITE ^{57E} is a liquid emulsifiable concentrate for preparing sprays to control European red, Pacific spider, strawberry spider, two-spotted spider, McDaniel and Peach silver mites.

OMITE ^{57E} is not systemic in action; therefore complete coverage of both upper and lower leaf surfaces and of fruit is necessary for effective control.

Add recommended dosage (from table) of OMITE ^{57E} to the spray tank, agitate and spray thoroughly to cover foliage and fruit for best results.

DOSAGE INSTRUCTIONS

See dosage instructions chart and application notes.

AL USUARIO:

Si usted no puede leer o entender ingles no use este producto hasta que la etiqueta le haya sido explicada ampliamente.

TO THE USER:

If you cannot read or understand English, do not use this product until the label has been fully explained to you.

USE RESTRICTIONS: Do not graze or feed livestock on cover crops grown among the trees listed on this label. Do not feed animals apple pomace made from Omite treated apples.

COMPATIBILITIES: OMITE ^{57E} is compatible with most pesticides (see caution statements). Check with your supplier for details. Observe all cautions and limitations on labeling of all products used in mixtures.

CAUTION:

- A. OMITE ^{57E} is not compatible with foliar spray oils. (Further information available from supplier).
Leaf injury may occur.
- B. OMITE ^{57E} is not compatible with alkaline materials such as lime, lime sulfur or Bordeaux. The effectiveness of OMITE will be reduced.
