OFFICE OF
PESTICIDES AND TOXIC SUBSTANCES

Mr. Willard F. Cummings
Manager, U.S. Registrations
Uniroyal Chemical Company, Inc.
74 Amity Road
Bethany, CT 06525

OCT - 9 1990

Dear Mr. Cummings:

Subject: **MINOR LABEL REVISIONS**
OMITE 57E
EPA Registration Number 400-83
Your Application Dated May 3, 1990

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

Sincerely yours,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

cc Jane M. Talerico

AH

ACCEPTED
with COMMENTS
in EPA Letter Dated:

OCT - 9 1990

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide
registered under EPA Reg. No.

400-83

OMITE®-57E

AGRICULTURAL MITICIDE

RECOMMENDED FOR AGRICULTURAL USE ONLY

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS

DANGER

Corrosive, causes eye damage. Harmful if swallowed, inhaled or absorbed through skin. Do not breathe vapors or spray mist. Do not get in eyes, on skin or on clothing. Wash hands and face thoroughly with soap and water after use and before eating or smoking. (See use restrictions for protective clothing and clean up requirements)

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Drift or runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment wash waters.

PHYSICAL OR CHEMICAL HAZARDS

Flammable, keep away from heat and open flame.

COMPOSITION

Active Ingredients: (% by weight)	
Propargite [2-(p-tert-butylphenoxy) cyclohexyl 2-propynyl sulfite]	57%*
Inert Ingredients:	43%
Total:	100.0%

*Contains 5 pounds OMITE per gallon

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product through any type of irrigation system.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke

KEEP OUT OF REACH OF CHILDREN

DANGER ← (1)

PELIGRO

PRECAUCION AL USUARIO: Si usted no lee Ingles, no use este producto hasta que le etiqueta haya sido aplicado ampliamente.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Immediately flush eyes with plenty of water. See a physician.

IF SWALLOWED: Do not induce vomiting. Drink promptly a large quantity of milk, egg whites or gelatin solution. If these are not available, drink large quantities of water. Avoid alcohol. Call a physician or Poison Control Center immediately.

IF INHALED: Remove person to fresh air. Apply artificial respiration if symptoms indicate. Call a physician.

IF ON SKIN: Wash thoroughly with soap and water. Get medical attention.

See left side panel for additional precautionary statement.

EPA EST. NO.

OMITE is a Registered Trademark of UNIROYAL CHEMICAL COMPANY, INC.

NET WEIGHT:

REENTRY STATEMENT - EXCEPT FOR HARVESTING

Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons.

Do not enter treated areas without protective clothing until sprays have dried.

Protective clothing requirements are outlined below for the indicated reentry.

CROP	TIME FOR REENTRY		
	EARLY ^{11.8} ENTRY WORKER	LOW EXPOSURE ACTIVITIES IRRIGATOR, TRACTOR DRIVER, SCOUT ⁽²⁾	ALL OTHER ^{11.8} ACTIVITIES
All crops	when sprays have dried	48 hours	7 days

1. Early entry is defined as any worker who is directed to enter a reentry restricted area prior to the expiration of any reentry interval that applies to that area. This will include those activities necessitated by unexpected events such as weather, pest conditions, equipment failure, etc. and does not include routine cultural practices.
2. These workers will wear protective clothing to include at least:
 - a hat or other suitable head covering
 - long-sleeved shirt and long-legged trousers or a coverall type garment (closely woven fabric covering the body including arms and legs).
 - chemical resistant gloves.
 - shoes and socks.
 NOTE: Occupants of enclosed cab vehicles must wear normal work attire.
3. These workers will wear normal work attire to include at least:
 - a hat or other suitable head covering.
 - long-sleeved shirt and long-legged trousers
 - shoes and socks
4. All other activities include those which have high foliar exposure such as pruners, cane turners and tippers (table grapes), etc.
5. See use directions for time of harvest after last application.

Because certain states may require more restrictive reentry intervals for various crops treated with this product, consult your State Department of Agriculture for further information.

Written or oral warnings must be given to the workers who are expected to be in a treated area or in an area to be treated with this product. When oral warnings are given, warnings shall be given in a language customarily understood by workers. Oral warnings must be given if there is reason to believe that written warnings cannot be understood by workers. Written or oral warnings must include the following information:

3.

"DANGER. Area to be treated with Propargite on (date of application). Do not enter without appropriate protective clothing until sprays have dried. Tractor drivers and irrigators and scouts wearing normal work attire may enter after 48 hours. Do not enter treated areas without protective clothing to perform activities that involve substantial or prolonged exposure with treated foliage for (enter number of days)."

If accidentally exposed consult the Statement of Practical Treatment portion of this label for first aid recommendations

USE RESTRICTIONS

Mixer/loaders must wear goggles or a face shield, chemical-resistant apron, long-sleeved shirt, long pants, and mid-forearm to elbow length chemical-resistant gloves.

Applicators. If applying more than 72 ounces of OMITE-57E per acre in air-blast equipment must be in an enclosed cab. At rates of 72 ounces or less and if not in an enclosed cab, applicators must wear goggles, wide brimmed hat, a long-sleeved shirt and long pants, and chemical-resistant gloves while applying this pesticide. 4

Any article of clothing worn while mixing, loading or applying product must be cleaned before re-use. Clothing should be laundered separately from household articles. Clothing that has been drenched or has otherwise absorbed concentrated pesticide must be disposed of in a sanitary landfill, incinerated, or burned if allowed by State and local authorities.

Do not apply this product through any type of irrigation system.

Do not graze or feed live stock on cover crops grown among the trees listed on this label. 4

Do not plant any food or feed crop in rotation within 6 months after last application of propargite unless the crop is a registered use for propargite.

Do not feed animals apple pomace made from treated apples. 4

DIRECTIONS FOR USE

OMITE-57E is a liquid emulsifiable concentrate for preparing sprays to European red, Pacific spider, strawberry spider, two-spotted spider, McDaniel and Peach silver mites.

OMITE-57E is not systemic in action; therefore complete coverage of both upper and lower leaf surfaces and of fruit is necessary for effective control.

Add recommended dosage (from table) of OMITE-57E to the spray tank, agitate and spray thoroughly to cover foliage and fruit for best results. 5 (DELETE CHEMIGATION STATEMENT)

DOSAGE INSTRUCTIONS

COMPATIBILITIES: OMITE-57E is compatible with most pesticides (see caution statements). Check with your supplier for details. Observe all cautions and limitations on labeling of all products used in mixtures

6 (DELETE SPANISH DIRECTIONS)

NOTE: ← (6.)

- A. OMITE-57E is not compatible with foliar spray oils. (Further information available from supplier). Leaf injury may occur.
- B. OMITE-57E is not compatible with alkaline materials such as lime, lime sulfur or Bordeaux. The effectiveness of OMITE-57E will be reduced.

DOSAGE INSTRUCTIONS ← (6.)

CROPS AND MITES CONTROLLED	AMOUNT OMITE-57E per acre either as dilute or concentrate	Dilute Spray OMITE-57E per 100 gallons of water	Concentrate Spray		Gallons spray solution per acre	APPLICATION NOTES
			Gallons spray solution per acre	OMITE-57E per acre		
APPLES European red Pacific spider two-spotted spider	32 to 96 fl. oz. (1 to 3 qts.)	8 to 12 fl. oz.	400 to 800	1 to 3 qts.	50 to 100	Spray can be applied up to within seven days of harvest. Use from 1 to 3 application per year as mites appear.
PLUMS-PRUNES European red two-spotted spider Pacific spider	24 to 120 fl. oz. (¾ to 3¾ qts.)	8 to 12 fl. oz.	300 to 1000	24 to 120 fl. oz. (¾ to 3¾ qts.)	300 to 1000	Spray can be applied up to within 28 days of harvest. Two treatments can be made per season.

IMPORTANT NOTICE — Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions and instructions specified on the label under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product, contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.

Form 8570-1
Attachment to Section II

LABEL REVISIONS

OMITE 57E

1. Statement of Practical Treatment
 - replace the word "Warning" with "Danger". This was a typographical mistake which conflicted with the signal word in the Precautionary Statement.
 - put statements in order of hazard category.
 - add "Do not induce vomiting" under the "If swallowed" statement.
 - add "Get medical attention" to the "If on skin" statement.
 - change "If inhaled" statement to read "Remove person to fresh air. Apply artificial respiration if symptoms indicate"
2. Precautionary Statements
 - delete "May be fatal if inhaled".
 - add "inhaled" to "Harmful if swallowed...".
3. Reentry
 - correct "Warning" to read "Danger"
4. Use restrictions
 - add clothing cleaning statement contained on other propargite labels.
 - move restrictions from second "use restrictions" heading under same heading as other restrictions.
5. Directions for use
 - delete "Do not apply this product through any type of irrigation system". This appears at two other places on the label.
6. Dosage instruction
 - delete one of two such headings. Delete entire section containing Spanish directions which duplicate those on front panel.
 - change word "caution" to "note" to prevent conflict with signal word on front panel.
 - add heading "Dosage Instructions" above use table.
