

# OMITE<sup>®</sup> TECHNICAL

AN AGRICULTURAL MITICIDE FOR FORMULATING INTO REGISTERED END-USE PRODUCTS  
FOR NON-DOMESTIC USE ONLY

### COMPOSITION

Active ingredient	80%
Inert ingredients	20%
TOTAL	100%

**KEEP OUT OF REACH OF CHILDREN.  
DANGER**

### STATEMENT OF PRACTICAL TREATMENT

**IF SWALLOWED:** Call a physician or Poison Control Center  
 Drink promptly a large quantity of milk, egg whites or  
 solution. If these are not available, drink large quantities of water. Avoid alcohol.  
**IF INHALED:** See a physician if an abnormal reaction occurs.  
**IF ON SKIN:** Wash thoroughly with soap and water.  
**IF IN EYES:** Immediately flush eyes with plenty of water. See a physician.

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Corrosive: causes eye and skin damage.  
 May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get  
 in eyes, on skin or on clothing. Wear goggles or face shield when handling. Wash  
 hands and face thoroughly with soap and water after use and before eating or

### ENVIRONMENTAL HAZARDS

This product is toxic to fish and shrimp.  
 Keep out of lakes, streams or ponds. Do  
 not contaminate water by cleaning of  
 equipment or disposal of wastes.

### PHYSICAL OR CHEMICAL HAZARDS

Flammable: keep away from heat and open flame.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

### STORAGE

Store in original container. Do not use  
 if container is damaged, leaking or  
 empty. Do not use if contents are  
 solid, pasty, or crystalline. Do not  
 use if contents are discolored or  
 contain particles. Do not use if  
 contents are not free flowing. Do not  
 use if contents are not uniform in  
 color. Do not use if contents are  
 not uniform in texture. Do not use  
 if contents are not uniform in  
 odor. Do not use if contents are  
 not uniform in taste. Do not use  
 if contents are not uniform in  
 appearance.

### CONTAINER DISPOSAL

Fiber carton with liners or bags: Do not  
 empty into water. Do not use as  
 a receptacle for other materials.  
 Do not burn. Do not use as a  
 receptacle for other materials.  
 Do not burn. Do not use as a  
 receptacle for other materials.

### INSTRUCTIONS FOR FORMULATION

This product is intended for use as a miticide in the formulation of end-use products. It is not intended for use as a stand-alone product. The user should refer to the label of the end-use product for specific instructions. The user should also refer to the label of this product for specific instructions. The user should also refer to the label of this product for specific instructions.

**IMPORTANT NOTICE:** The user should refer to the label of this product for specific instructions. The user should also refer to the label of this product for specific instructions. The user should also refer to the label of this product for specific instructions.

Dear Dr. Cardona:

Subject: Amendment - Update Label  
Omite Technical  
EPA Registration No. 400-95  
Your Application Dated June 27, 1984

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. Revise the Physical or Chemical Hazard text to read "Do not use or store near heat or open flame." Note that the Agency approved this change July 14, 1980, in response to your company request dated April 21, 1980, which had indicated intent to replace "Flammable: Keep away from heat and open flame" beginning with 1981 marketing.
2. Revise the Environmental Hazards text to reflect the manufacturing-use nature of this product. This section should appear as:

ENVIRONMENTAL HAZARDS

This product is toxic to fish and shrimp. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with a National Pollution Discharge Elimination System Permit. For guidance, contact your Regional Office of the Environmental Protection Agency.

3. In the "If swallowed" advice add "immediately" after "Call a physician or Poison Control Center." Also add, "gelatin" before "solution." Is the intent to dilute but not induce vomiting? If so, add "Do not induce vomiting" as the last sentence.
4. Revise the "If on skin" advice to "Remove contaminated clothing and wash affected skin thoroughly with soap and water."

5. It is noted that the product is corrosive to skin and eyes but the Hazards to Humans section, while recommending goggles or face shield, does not recommend use of rubber gloves or waterproof suit or coveralls to protect skin and clothing. You may add such recommendations if you think they are appropriate. Also, some other manufacturing-use products advise washing contaminated work clothes in soap and hot water before reuse. Similar advice had appeared on your earlier labels, e.g., 1974 acceptance.
6. Add the missing "smoking" to "Wash hands and face thoroughly with soap and water after use and before eating or."
7. The 1974 label referred formulators to a technical bulletin AG102. Is this technical bulletin still used? If so, please add the reference to it in the directions for use and submit 5 copies of the current version for acceptance to complete the product's file.

Submit five (5) copies of your revised printed labeling before you release the product for shipment with the amended labeling.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca  
Product Manager (15)  
Insecticide-Rodenticide Branch  
Registration Division (TS-767)
