

**CAUTION! KEEP OUT OF REACH OF CHILDREN**  
 (For other caution statements see back panel)

**PLANTVAX-75W**

**DIRECTIONS FOR USE**

PLANTVAX-75W is a wettable powder suitable for use as a spray when thoroughly mixed with water. Make a thin paste using a portion of the required water and the recommended amount of Plantvax-75W. Stir this paste by adding additional water. Provide enough agitation to maintain a uniform chemical suspension.

For the control of rust on geraniums. When first signs of rust disease appear, apply PLANTVAX-75W at a concentration of 1.6 to 2.4 ounces per 10 gallons of water at approximately 2 week intervals, using 2 to 4 sprays per season. In spite of the systemic effect of the material, the spray application should be made evenly. The necessary spray volume depends on the growth stage and should be made so that the plants are thoroughly covered.

**PRECAUTIONS**

Do not exceed recommended rates or number of applications, as plant injury may occur.

**COMPATIBILITY**

Do not mix PLANTVAX-75W with insecticides and acaricides as plant injury may occur.

**ADDITIONAL CAUTIONS AND INSTRUCTIONS**

Harmful if swallowed. Avoid inhaling dust or spray. Wash hands and face thoroughly with soap and water after use or before eating or smoking. Avoid contact with skin, eyes and clothing. In case of contact with eyes, flush immediately with running water and get medical attention. Keep away from food and food products.

**CONTAINER DISPOSAL** — Burn or bury 18 inches below soil surface at safe disposal site. Never reuse for food or water. If disposal is by burning, keep out of smoke.

**IMPORTANT NOTICE:** Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions and instructions specified on the label under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
