

# PLANTVAX®-75W

## SYSTEMIC FUNGICIDE FOR RUST CONTROL OF GERANIUMS IN GREENHOUSES

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS

#### CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes or clothing. Wash hands and face thoroughly with soap and water after use or before eating or smoking.

#### PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

### COMPOSITION

Active Ingredient: (% by weight)	
oxycarboxin (5,6-dihydro 2-methyl-1,4-oxathiin -3-carboxanilide-4,4-dioxide) .....	75.0%
Inert Ingredients: .....	25.0%
TOTAL: .....	100.0%

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE** — Store in a dry location.

**PESTICIDE DISPOSAL** — Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL** — Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.

### KEEP OUT OF REACH OF CHILDREN

#### CAUTION

#### STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Induce vomiting and see a physician.  
 IF INHALED: See a physician if an abnormal reaction occurs.  
 IF ON SKIN: Wash thoroughly with soap and water.  
 IF IN EYES: Immediately flush eyes with plenty of water. See a physician.  
 SEE LEFT SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENT.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product through any type of irrigation system.

PLANTVAX-75W is a wettable powder suitable for use as a spray when thoroughly mixed with water. Make a thin paste using a portion of the required water and the recommended amount of PLANTVAX-75W. Stir this paste by adding additional water. Provide enough agitation to maintain a uniform chemical suspension.

For the control of rust on geraniums. When first signs of rust disease appear, apply PLANTVAX-75W at a concentration of 1.6 to 2.4 ounces per 10 gallons of water at approximately 2 week intervals, using 2 to 4 sprays per season. In spite of the systemic effect of the material, the spray application should be made evenly. The necessary spray volume depends on the growth stage and should be made so that the plants are thoroughly covered.

Do not exceed recommended rates or number of applications, as plant injury may occur. Keep away from food and food products.

#### COMPATIBILITY

Do not mix PLANTVAX-75W with insecticides and acaricides as plant injury may occur.

**IMPORTANT NOTICE** — Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions and instructions specified on the label under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product, contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
