 U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (7505C) 1200 Pennsylvania Ave., N.W. Washington, D.C. 20460 NOTICE OF PESTICIDE: <input type="checkbox"/> Registration <input checked="" type="checkbox"/> Reregistration (under FIFRA, as amended)	EPA Reg. Number: 400-144	Date of Issuance: SEP 24 2009
	Terms of Issuance: Conditional	
	Name of Pesticide Product: Plantvax 75W	
Name and Address of Registrant (include ZIP Code): Chemtura Corporation 199 Benson Road Middlebury, CT 06749 Attn.: Judith Ball		
<p>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>Based on your response to the Reregistration Eligibility Document(s) for Oxycarboxin, EPA has reregistered the product listed above. Enclosed is a copy of your label stamped "Accepted with comments." This action is taken under the authority of section 4(g)(2)(c) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.</p>		
Signature of Approving Official:  Mary Waller, Product Manager Team 21 Fungicide Branch Registration Division (7505P)		Date: 9/24/2009

~~EPA Reg. No. 400-144~~

Submit one copy of your final printed labels, with the changes herein, before you release the product for shipment.

1. On page 1 in the Precautionary Statements, Personal Protective Equipment section, the word "section" in the second sentence must be changed to "selection."
2. On page 2, in the "For the control of rust on ornamentals" section, revise the second and third sentences to read "Apply spray evenly. Adjust spray volume so that plants are evenly covered."
3. On page 2, in the "For the control of rust on ornamentals" section, the second paragraph, delete the word "recommended" and replace with "labeled."
4. On page 2, in the "Plant Tolerance" section, sixth line, delete the word "recommended" and replace with "labeled." Delete the last sentence.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec.6(E). Your release for shipment of the product constitutes acceptance of these conditions.

Sincerely,

Mary Waller
Product Manager Team 21
Fungicide Branch
Registration Division (7505P)

SAFETY DATA AND INFORMATION	866-430-2775
TRANSPORTATION EMERGENCY (CHEMTREC)	800-424-9300

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Some materials that are chemical-resistant to this product are made of any waterproof material. If you want more options, follow the instructions for category A on EPA chemical-resistance category section chart.

Mixers, Loaders, Applicators and Other Handlers Must Wear: A long-sleeved shirt & long pants; shoes and socks and chemical resistant gloves.

Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing/PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product through any type of irrigation system. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is:

- coveralls
- chemical-resistant gloves made of any waterproof material
- shoes plus socks

PLANTVAX 75W is a wettable powder fungicide to be used as a foliar spray for control of rust diseases of ornamentals grown in enclosed commercial structures such as greenhouses, shadehouses and interiorspaces.

MIXING INSTRUCTIONS: Make a thin paste using a portion of the required water and the specified amount of PLANTVAX 75W. Stir this paste by adding additional water. Provide enough agitation to maintain a uniform chemical suspension.

For the control of rust on ornamentals: When first signs of rust disease appear, apply PLANTVAX 75W at a concentration of 1.6 to 2.4 ounces per 10 gallons of water at approximately 2 week intervals, using 2 to 4 sprays per season. In spite of the systemic effect of the material, the spray application should be made evenly. The necessary spray volume depends on the growth stage and should be made so that the plants are thoroughly covered.

Do not exceed recommended rates or number of applications, as plant injury may occur.

PLANT TOLERANCE: Neither the manufacturer nor the seller has determined whether or not PLANTVAX 75W can be used safely on all ornamentals. Prior to any large scale application on such plants, the user should determine the efficacy and safety of PLANTVAX 75W by testing a small number of the type of plants to be treated at the recommended rates and observing the treated plants for phytotoxicity over a one to two week period. The user assumes all risks arising out of application to unlabeled plants.

COMPATIBILITY

Do not mix PLANTVAX 75W with insecticides and acaricides, as plant injury may occur.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a dry location.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Non-refillable container. Do not refill or reuse this container. Offer for recycling, if available. Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.

IMPORTANT NOTICE—Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions and instructions specified on the label under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under conditions not reasonably foreseeable to seller, and to the extent consistent with applicable law, the buyer assumes the risk of any such use.
