TERRACLOR Super X[®]

EMULSIFIABLE SOIL FUNGICIDE

Controls Rhizoctonia, Pythium and Fusarium
Soil-Borne Seedling Diseases of Cotton

Terraclor Super X contains two active ingredients, Terraclor[®] and Terrazole[®]

**UNIROYAL
CHEMICAL**

NOTIFICATION
LABEL NOT REVIEWED
PER PR NOTICE 89-8

DATE 7/1/93

COMPOSITION

Active Ingredient: (% by weight)	
Pentachloronitrobenzene (PCNB)	23.2%
5-Ethoxy-3-(trichloromethyl)-1,2,4-thiadiazole	5.8%
Inert Ingredients:	71.0%
TOTAL	100.0%

Contains 2 lbs. of Pentachloronitrobenzene and
0.5 lbs. of 5-Ethoxy-3-trichloromethyl-1,2,4-thiadiazole per U.S. gallon.

KEEP OUT OF REACH OF CHILDREN WARNING

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush eyes with plenty of water. Get medical attention.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF SWALLOWED: Call a physician or Poison Control Center. Drink an eight ounce glass of water containing 2 tablespoons of activated charcoal.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

WARNING

Harmful if swallowed. Do not inhale spray mist. Do not get on skin or in eyes. May cause skin irritation. Skin contact may be harmful. The following protective clothing are required during mixing/loading operations: respirator, gloves, long-sleeved shirt, long pants, socks and shoes. Wash thoroughly all exposed skin. In case of eye contact, flush with plenty of water. Wash thoroughly all contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Drift and runoff from treated areas may be hazardous to fish and aquatic organisms in adjacent aquatic sites. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean highwater mark. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Do not use or store near heat sources or open flame. Do not use in the vicinity of pilot lights.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product through any type of irrigation system.

COTTON

(Seedling Disease Complex - Rhizoctonia, Pythium and Fusarium)

SOIL IN-FURROW APPLICATION: At planting time, use 3 to 6 pints per acre (per 13,000 linear feet based on 40 in. rows) mixed with 5 to 15 gallons of water. Apply the specified dosage to the soil around the seed and to the covering soil as it fills the furrow. The soil around the seed and the covering soil should be thoroughly mixed with the product. Two nozzles work best; center the front nozzle over the open furrow to spray

the soil around the seed and the rear nozzle to spray the covering soil as it fills the furrow.

The higher rates should be used when weather conditions are expected to be unfavorable for rapid germination, fields have a history of disease problems or minimum or low till programs are utilized.

Do not allow the feeding or grazing of cotton foliage by livestock. Apply only at planting time.

Do not exceed 2 lbs. of PCNB active ingredient per acre in any one season applied as spray or granular formulations.

ROTATION RESTRICTION: Do not plant root crops in PCNB treated fields within 12 months of application unless PCNB is registered for use on those crops.

Attention: Mr. Robert J. Taylor, PM-25
Registration Division (H7505C)

Subject: Terraclor Super X® Emulsifiable
EPA Reg. No. 400-405
Notification of Label Amendment Complying
with PR Notice 93-6 and 93-3

Dear Mr. Taylor:

Uniroyal Chemical Company, Inc. is submitting a notification of an amended label for Terraclor Super X Emulsifiable which has been revised to comply with PR Notice 93-6, False and Misleading Statements Related to Efficacy and PR Notice 93-3, Labeling Statement Prohibiting Application to Water. Enclosed are five copies of the amended label.

The trade name Super X has been in use for many years and denotes the inclusion of two active ingredients in the formula. In an EPA letter, dated May 28, 1993, regarding PR Notice 93-6 Lawrence Culleen suggested that we provide on the label a brief explanation of trade name terms such as Super, to avoid misleading pesticide buyers. A copy of the letter is enclosed. As suggested, the subject label contains the clarification "Terraclor Super X contains two active ingredients, Terraclor® and Terrazole®".

In compliance with PR Notice 93-3, we have added the Environmental Hazards statement, "Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark". In a June 18, 1993 letter, Lawrence Culleen indicated that the phrase "For terrestrial uses" can be omitted from the above statement when all uses on the label are terrestrial. A copy of the letter is attached.
