JAN 30 1984

Under the Federal Insecticide, Fungicide, and Rodenticide Act... for the pesticide...

GRANULAR

TERRACHOX SUPER-X

SOIL FUNGICIDE

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS WARNING

Harmful if swallowed. Do not inhale dust. Do not get on skin or in eyes. May cause skin irritation. Contact may be harmful. The following protective clothing are required during mixing, loading, operations: respirator, gloves, long-sleeve shirt, long pants, socks and shoes. Wash thoroughly all exposed skin in case of eye contact. Flush with plenty of water. Wash thoroughly all contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water or wetlands. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply product in areas which would permit runoff to contaminate water supplies.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE — Store in a dry location

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL — Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.

COMPOSITION

ACTIVE INGREDIENTS:

Pentachloronitrobenzene 10.0%
5-Ethoxy-3-(trichloromethyl)-1,2,4-thiadiazole\* 2.5%

INERT INGREDIENTS

Total 87.5%
100.0%

\*U. S. Patents 3,260,588 and 3,260,725; others pending

KEEP OUT OF REACH OF CHILDREN. WARNING!

NET CONTENTS:

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

420-406

**COTTON:** (Seedling Disease Complex - Rhizoctonia, Pythium, and Fusarium).

For soil in-furrow application at planting time use 10 to 15 lbs. per acre (per 13,000 linear feet based on 40 in. rows) Apply over the seed and to the covering soil, using suitable equipment. Do not allow the feeding or grazing of cotton foliage by livestock.

### USE CAUTIONS

Do not plant treated fields to any crop other than cotton.

### LAWNS AND TURF

Spring dead spot complex of Bermuda grass: Apply at the rate of 10 lbs. per 1,000 sq. ft. Applications should be made in spring or fall of each year for suppression of existing infections. Following application, the treated area should be lightly watered to insure movement of the chemical to the soil level.

Seedling damping off and soil and root disease complex caused by Rhizoctonia, Fusarium, Pythium and Helminthosporium:

Apply at the rate of 10 lbs. per 1,000 sq. ft. Applications to growing turf should be made in the fall or spring at the first indication of infection. Water area lightly to wash chemical down to soil level. Application to newly seeded areas should be made just prior to seeding. For best results, mix granules in the top 1 to 2 inches of soil. If any treated area is subject to unusually heavy rainfall, or flooded, or if the disease is severe or reappears, the area should be retreated 3 to 4 weeks later.

**NOTE:** Under certain growing conditions, a temporary discoloration of turf grasses occasionally may occur. This condition causes no harm, and with proper watering and fertilization will disappear in a short time.

Do not graze treated areas or feed clippings to livestock.

**IMPORTANT NOTICE** — Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions and instructions specified on the label under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product, contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
