Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 400-416

# TERRAZOLE®

## 35% WETTABLE POWDER FUNGICIDE

Controls Certain Soil-Borne Diseases Of  
ORNAMENTAL TURF AND ORNAMENTALS

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### WARNING

Harmful if swallowed. Do not take internally. Do not inhale spray mist. Causes eye irritation. Do not get on skin or in eyes. May cause skin irritation. Wash thoroughly all exposed skin. Repeated contact may be harmful. Wash thoroughly all contaminated clothing before reuse.

#### ENVIRONMENTAL HAZARDS

Do not apply directly to water.  
Do not contaminate water by cleaning of equipment or disposal of wastes.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL: Paper Bags:** Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.

**Plastic Containers:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

### COMPOSITION

Active Ingredient: (% by weight)	
5-Ethoxy-3-(trichloromethyl)-1,2,4-thiadiazole*	35%
Inert Ingredients:	65%
Total:	100.0%

\*U.S. Patents 3,260,588; 3,260,725 and others.

### KEEP OUT OF REACH OF CHILDREN WARNING

#### STATEMENT OF PRACTICAL TREATMENT

**IF SWALLOWED:** Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back or throat with finger, or if available, by administering Syrup of Ipecac. Do not induce vomiting or give anything by mouth to an unconscious person.

**IF IN EYES:** Flush with plenty of water. Get medical attention if irritation persists.

**IF ON SKIN:** Wash with plenty of soap and water. Get medical attention if irritation persists.

**IF INHALED:** Remove to fresh air.

**DIRECTIONS FOR USE**

Terrazole 35% WP is useful as a soil fungicide for control of damping-off, root and stem diseases caused by Pythium and Phytophthora. Use only at recommended rates as overdosage may be harmful to sensitive plants. Do not mix with chemicals other than Terraclor, unless prior use has proven compatibility.

**LAWNS and TURF**

**For control of Pythium fungi (cottony blight, grease spot, damping-off).** Mix 4 to 8 ozs. in 5 gallons of water and apply to 1,000 sq. ft. of established ornamental turf. Begin applications at first sign of disease and retreat in 5 to 10 days depending upon climatic conditions to maintain disease control. On newly seeded area (damping-off caused by species of Pythium fungi) mix 6 to 8 ozs. in 5 to 10 gallons of water and apply to 1,000 sq. ft. of area immediately after seeding. Retreat at 5 to 7 day intervals to maintain a preventive disease control program. Do not allow animals to graze on treated areas. Do not feed clippings from treated areas to animals.

**ORNAMENTALS**

**For Bedding and Bench Plantings:** Use Terrazole 35% WP mixed with water, as a soil drench at time of seeding and transplanting. The drench solution should be continually agitated to assure uniform application of the fungicide in nurseries and greenhouses.

material. To improve penetration of the fungicide, the drenching should be followed with an equal quantity of water, applied either by sprinkling or by irrigation.

<b>BEDDING PLANTS</b>		<b>BEDDING PLANTS:</b> (Soil media 2" to 3" deep) - Add 2 to 3 ozs. to 50 gallons of water and apply to 400 sq. ft. of bed area. Repeat applications may be made at one to two month intervals, if necessary. <b>TROPICAL FOLIAGE PLANTS:</b> (grown in peat or other high organic media 6" deep). <b>BENCH PLANTINGS:</b> Add 4 to 6 ozs. to 50 gallons of water and apply to 200 sq. ft. of bench area. <b>BEDGROWN and POT PLANTINGS:</b> Add 1½ to 5 ozs. in 50 gallons of water. For bed areas apply to 200 sq. ft. of soil mixture or in sufficient amount to saturate the soil. For pots use approximately ½ pint solution per 6" container.  Repeat applications at 2 to 3 month intervals if required. <b>DRY SOIL MIX:</b> For plants listed, blend 1½ to 3 ozs. Terrazole into one cubic yard of soil mixture. Blending may be improved by first premixing the fungicide with five or six parts of soil and then blending into the soil mixture.
