

# SUPER X<sup>®</sup> FLOWABLE

JUN 1 1995  
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 400-455

**SOIL FUNGICIDE**  
Controls Rhizoctonia, Pythium and Fusarium  
Soil-Borne Seeding Diseases of Cotton

Terbufos Super X contains two active ingredients,  
Terbufos<sup>®</sup> and Terrazole<sup>®</sup>

Net contents:

**COMPOSITION**

Active Ingredients: (% by weight)

Pentachloronitrobenzene (PCNB) .....	23.2%
5-Ethoxy-3-(trichloromethyl)-1,2,4-thiadiazole .....	5.8%
Inert Ingredients: * .....	71.0%

TOTAL .....

100.0%

Contains 2 lbs. of Pentachloronitrobenzene and 0.5 lbs. of 5-Ethoxy-3-trichloromethyl-1,2,4-thiadiazole per U.S. gallon.

\*Contains petroleum distillates

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

**STATEMENT OF PRACTICAL TREATMENT**

**IF IN EYES:** Flush eyes with plenty of water. Get medical attention if irritation persists.

**IF ON SKIN:** Wash with plenty of soap and water. Get medical attention if irritation persists.

**IF SWALLOWED:** Call a physician or Poison Control Center. Drink an eight ounce glass of water containing 2 tablespoons of activated charcoal.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS**

**CAUTION**

Avoid contact with skin, eyes or clothing. Do not get on skin or in eyes. Causes eye irritation. May cause skin sensitization and irritation.

**PERSONAL PROTECTIVE EQUIPMENT**

Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for Category E on an EPA chemical resistance category selection chart.

**Applicators and Other Handlers (other than mixers and loaders) Must Wear:** A long-sleeved shirt & long pants; shoes plus socks.

**Mixers and Loaders Must Wear:** A long-sleeved shirt & long pants; water-proof gloves; shoes plus socks.

For exposures in enclosed areas: A respirator with either an organic vapor-removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval prefix TC-23C), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-14G). For exposures outdoors: Dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C).

Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

**USER SAFETY RECOMMENDATIONS**

Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and aquatic organisms. Drift and runoff from treated areas may be hazardous to fish and aquatic organisms in adjacent aquatic sites. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean highwater mark. Do not contaminate water when disposing of equipment washwaters.

persons, dealer, or through the manufacturer. Only products marketed by us in the area during application.

For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

#### **AGRICULTURAL USE REQUIREMENTS**

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE). The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours.

Exception: If the product is soil-injected or soil-incorporated, the Worker Protection Standard, under certain circumstances, allows workers to enter the treated area if there will be no contact with anything that has been treated.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is:

- coveralls
- waterproof gloves.
- shoes plus socks.

#### **COTTON**

(Seedling Disease Complex - Rhizoctonia, Pythium and Fusarium)

**SOIL IN-FURROW APPLICATION:** At planting time, use 3 to 6 pints per acre (per 13,000 linear feet based on 40 in. rows) mixed with 5 to 15 gallons of water. Apply the specified dosage to the soil around the seed and to the covering soil as it fills the furrow. The soil around the seed and the covering soil should be thoroughly mixed with the product. Two nozzles work best, center the front nozzle over the open furrow to spray the soil around the seed and the rear nozzle to spray the covering soil as it fills the furrow.

The higher rates should be used when weather conditions are expected to be unfavorable for rapid germination, fields have a history of disease problems or minimum or low till programs are utilized.

Do not allow the feeding or grazing of cotton foliage by livestock.

Apply only at planting time.

Do not exceed 2 lbs. of PCNB active ingredient per acre in any one season applied as spray or granular formulations.

**ROTATION RESTRICTION:** Do not plant root crops in PCNB treated fields within 12 months of application unless PCNB is registered for use on those crops.

of Federal Law, in these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL** - Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by State and local authorities.

**IMPORTANT NOTICE**— Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions and instructions specified on the label under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product, contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
