Subject: **Bifenazate Technical (EPA Reg. No. 400-480) -
 Amended label - Correction of the Directions for Use**

Dear Mr. Hebert,

As requested in your October 13, 2009 email response to Chemtura Corporation's October 9, 2009 notification that strawberry had previously been omitted from the Directions for Use of Bifenazate Technical (EPA Reg. No. 400-480) label, we attach labels showing currently approved, proposed and proposed with highlighted changes for your review. Strawberry has been on the Acramite-50WS (EPA Reg. No. 400-503) formulation label since the first label was stamped on February 4, 2002. Additionally we have added the recently EPA approved source (D-412891) of Bifenazate (People's Republic of China) and its EPA establishment number.

This data is submitted as a 'fast track' review upon request of the Agency, and thus is not subject to a PRIA fee.

Should you have any questions regarding this submission, please contact R. Tim Weiland at 203-573-2027 or email: tim.weiland@chemtura.com.

Sincerely,

Chemtura Corporation
