 <p style="text-align: center;">U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (7505C) 1200 Pennsylvania Ave., N.W. Washington, D.C. 20460</p> <p style="text-align: center;"><b>NOTICE OF PESTICIDE:</b> <input checked="" type="checkbox"/> Registration <input type="checkbox"/> Reregistration</p> <p>(under FIFRA, as amended)</p>	<p><b>EPA Reg. Number:</b></p> <p>400-543</p>	<p><b>Date of Issuance:</b></p> <p>MAY 1 2007</p>
	<p><b>Term of Issuance:</b></p> <p>Conditional</p>	
	<p><b>Name of Pesticide Product:</b></p> <p>Bi-Larv H&amp;G</p>	
<p><b>Name and Address of Registrant (include ZIP Code):</b></p> <p>Chemtura USA Corporation 199 Benson Road Middlebury, CT 06749</p>		
<p><b>Note:</b> Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p>		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:</p> <ol style="list-style-type: none"> <li>1. Submit and/or cite all data required for registration/reregistration of your product when the Agency requires all registrants of similar products to submit such data.</li> <li>2. Make the following label changes before you release the product for shipment: <ol style="list-style-type: none"> <li>a. Revise the EPA Registration Number to read, "EPA Reg. No. 400-543".</li> <li>b. Delete the following label claims: "Complete Control of Mosquito Larvae", "Prevents Biting Mosquitoes", "Prevents New Mosquitoes from Developing", "Unique Effervescent Action", and "Can Be Used Around Wildlife".</li> <li>c. Within the <b>What it Does</b> section of the label, revise the sentence "...where they can bite, reproduce and spread disease to people and pets." to read "...where they can bite, reproduce and potentially spread disease to people and pets."</li> </ol> </li> </ol>		
<p><b>Signature of Approving Official:</b></p>  <p>Kable Bo Davis, Product Manager (01) Insecticide-Rodenticide Branch, Registration Division (7505P)</p>	<p><b>Date:</b></p> <p>MAY 1 2007</p>	

d. Revise the application table to read:

For each 1 sq. foot of surface area-	Use this amount*
Less than 6 inches deep (<3.5 gals.)	1 tablet
6 inches to 1 foot deep (3.5-7 gals.)	2 tablets
1 to 2 feet deep (7-15 gals.)	3-6 tablets

\* 1 tablet per 2 1/2 gallons of water to be treated

- e. Within the **IMPORTANT NOTICE** section of the label, revise the sentence "*Seller warrants that this product conforms...*" to read "*To the extent consistent with applicable law, Seller warrants that this product conforms...*".
  - f. Within the **STORAGE AND CONTAINER DISPOSAL** section of the label, include the following:  
**Pesticide Storage:** Keep out of reach of children and animals. Store in original container only. Store in a cool, dry place and avoid excess heat.
  - g. Revise the label claim "*Can be Used Around Fish & Birds*" to read "*Can be Used Around Ornamental Fish & in Bird Baths*".
  - h. The word "*new*" can be used for a period of six months from the date of registration.
  - i. Revise the sentence "*Shorter time intervals between treatments will be required for water bodies exposed to sunlight, or if significant dilution occurs through rainfall or flooding.*" to read "*Shorter time intervals between treatments will be required for water bodies exposed to sunlight, containing high levels of organic matter, or if significant dilution occurs through rainfall or flooding.*"
3. Submit the results of studies for the guidelines 830.6313 (stability to room & elevated temperatures and metal & metal ions) & 830.6314 (oxidation/reduction).
  4. Confirmatory efficacy data using American test sites must be submitted to the Agency within twelve months from the date of registration.
  5. Submit one copy of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Insecticide-Rodenticide Branch  
Registration Division (7505P)

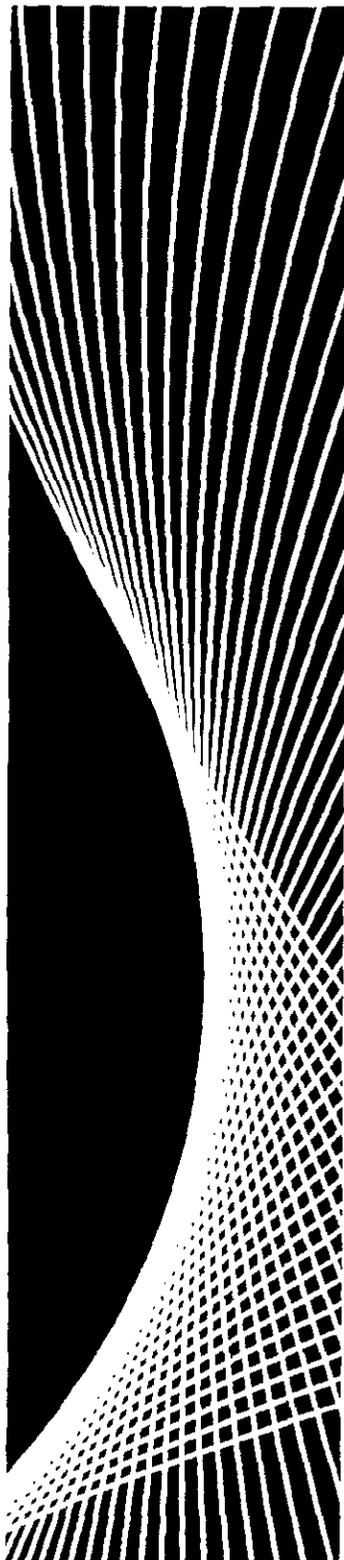

ACCEPTED  
with COMMENTS  
in EPA Letter Dated:

3/4

MAY 1 2007

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
registered under EPA Reg. No.  
400-543

# Bi-Larv™ H&G

## Mosquito Larvicide

Net  
Contents:

- [(New), (Convenient), (Easy to Use)]
- [(Complete Control of Mosquito Larvae), (Kills Mosquito Larvae), (Kills Mosquito Larvae up to 30 days), (Kills All Stages of Mosquito Larvae), (Kills Mosquito Larvae that May Carry West Nile Virus), (Prevents Biting Mosquitos), (Prevents New Mosquitos from Developing)]
- [(Ideal for Birdbaths, Fountains, Small Water Gardens, & Other Listed Areas), (Can Be Used in Water Gardens), (Can Be Used Around Fish & Birds), (Can Be Used Around Wildlife), (Great for Small and Medium Sized Areas)]
- [(Will Not Damage Water Gardening Equipment), (Will Not Harm Pumps or Filters), (Will Not Clog Pumps or Filters)]
- [(Effervescent Action), (New Effervescent Action), (Unique Effervescent Action), (Effervescent Action Provides Complete Distribution in the Water)]
- [(Contains xx Effervescent Tablets), (Contains xx Tablets:)]
- [(Quickly Dissolves), (Quickly Breaks Up & Dissolves), (Non-Staining), (Will Not Float)]
- [(Covers xx sq. ft. of water), (1 tablet treats 2 1/2 gallons of water)]

### COMPOSITION

Active Ingredient: (% by weight)

Diffubenzuron

N-[(4-Chlorophenyl)amino]carbonyl]-2,6-difluorobenzamide ..... 2.0%

Inert ingredients ..... 98.0%

Total: ..... 100.0%

Each tablet weighs 0.5 grams.

**KEEP OUT OF REACH OF CHILDREN**

## CAUTION

### FIRST AID

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION**

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

**ENVIRONMENTAL HAZARDS**

This product is extremely toxic to aquatic invertebrates. Do not apply BI-LARV H&G to drinking water, water used for irrigation to food crops, or water that may drain into public waterways such as streams and lakes. Run-off from treated areas may be hazardous to aquatic organisms in neighboring areas.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read all label directions carefully before use.

**What it Does:** BI-LARV H&G is an easy and effective way to kill immature mosquitos in standing water, before they reach the adult stage where they can bite, reproduce and spread disease to people and pets. BI-LARV H&G is designed to prevent development of adult mosquitos for up to one month in treated water with little exposure to sunlight, low organic matter, or where no significant dilution through rainfall or flooding has occurred.

**Where it is Used:** BI-LARV H&G can be applied to these water-holding receptacles and standing water sites around the home:

- Bird baths
- Containerized water gardens
- Roof gutters / rain barrels
- Ornamental fountains
- Man-made, contained fish ponds
- Unused swimming pools / pool cover
- Old tires
- Tree holes

**When to Use:** Begin treatment when mosquitos first appear in the spring, repeating applications throughout the mosquito season. Continuous treatment and treatment to all standing water sources is recommended for best results.

**How Much to Use:** Simply place one tablet of BI-LARV H&G in every 2 1/2 gallons of water to be treated.

Or use the following table to determine the quantity needed-

For each 1 sq. foot of surface area-	Use this amount
Less than 6 inches deep (<3.5 gals.)	1 tablet
6 inches to 1 foot deep (3.5-7 gals.)	2 tablets
1 to 2 feet deep (7-15 gals.)	3 tablets
2 feet deep or greater (>15 gals.)	4 tablets

BI-LARV H&G tablets are effervescent to completely disperse in the treated water.

Repeat applications should be made every 2-4 weeks as needed to maintain control. Shorter time intervals between treatments will be required for water bodies exposed to sunlight, or if significant dilution occurs through rainfall or flooding.

**STORAGE AND  
CONTAINER DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**Nonrefillable Container:**

**If empty:** Do not reuse or refill this container. Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

**IMPORTANT NOTICE**—Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions and instructions specified on the label under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
