**COMMON SENSE  
 COCKROACH  
 & ANT  
 PREPARATION # 2**

**WARNING**  
 KEEP OUT OF REACH OF CHILDREN

COMMON SENSE MANUFACTURING CO. INC.  
 NEW YORK, N.Y.

**DIRECTIONS**  
**ROACHES** For AMERICAN, BROWN BANDED GERMAN and ORIENTAL ROACHES. Squeeze out 2 or 3 teaspoonfuls for each average sized infested room. Place bait in suitable containers or in spots where roaches run. Use only behind or under fixtures in bait containers or in other areas not accessible to children or pets.

**COMMON SENSE COCKROACH & ANT PREPARATION # 2** may be used as a supplemental residual treatment preceded by recommended roach sprays or used alone. Good sanitation practices should be followed in either case.

**ANTS** For PHAROAH ANT, LITTLE BLACK ANT, SOUTHERN FIRE ANT, CALIFORNIA FIRE ANT, WESTERN THIEF ANT, ARGENTINE ANT and certain other ants use 2 or 3 teaspoonfuls for each average sized infested room. Squeeze out bait in suitable containers or in spots where ants forage. Use only behind or under fixtures in bait containers or in other areas not accessible to children or pets.

Results with **COMMON SENSE COCKROACH & ANT PREPARATION # 2** will not be fully evident for several days to several weeks depending on conditions. Re-treat as necessary to effect and maintain control.

**NOTE:** Do not use on wallpaper or surfaces susceptible to oil staining.

**WARNING:**  
 Hazardous if swallowed or absorbed through the skin. Do not get on skin, in eyes or on clothing. Wash with soap and water after using and before eating or smoking. Wash contaminated clothing before re-use. Do not contaminate feed or foodstuffs. Keep out of reach of children and domestic animals. Do not apply in areas accessible to children or domestic animals. Food utensils such as teaspoons should not be used for food purposes after use with insecticides.

**ANTIDOTE:** Internal. Give one tablespoon of salt in a glass of warm water and repeat until vomit fluid is clear. Call a physician immediately.

### DIRECTIONS

For AMERICAN BROWN BANDED COCKROACH and ORIENTAL ROACHES: Squeeze out 1/2 to 1 teaspoonful for each average sized infested room. Place bait in suitable containers or in spots where roaches forage. Use only behind or under fixtures, in bait containers or in other areas not accessible to children or pets.

COMMON SENSE COCKROACH & ANT PREPARATION may be used as a supplemental residual treatment preceded by recommended roach sprays or used in conjunction with them. Good sanitation practices should be followed in either case.

For PHARAOH ANT, LITTLE BLACK ANT, SOUTHERN FIRE ANT, CALIFORNIA FIRE ANT, WESTERN THIEF ANT, ARGENTINE ANT and certain other ants use 2 or 3 teaspoonfuls for each average sized infested room. Squeeze out bait in suitable containers or in spots where ants forage. Use only behind or under fixtures, in bait containers or in other areas not accessible to children or pets.

Results with COMMON SENSE COCKROACH & ANT PREPARATION will not be fully evident for several days to several weeks depending on conditions. Retreat as necessary to effect and maintain control.  
NOTE: Do not use on wallpaper or other surfaces susceptible to oil staining.

### WARNING:

Hazardous if swallowed or absorbed through the skin. Do not get on skin, in eyes, or on clothing. Wash with soap and water after using and before eating or smoking. Wash contaminated clothing before re use. Do not contaminate feed or foodstuffs. Keep out of reach of children and domestic animals. Do not apply in areas accessible to children or domestic animals. Food utensils such as teaspoons should not be used for food purposes after use with insecticide.

ANTIDOTE: Internal use: 10 to 15 grains of salt in a glass of warm water and 1/2 pint of milk with food. External use:
