

FILCO-CIDE NO. 10
Concentrated Fogging Insecticide

ACTIVE INGREDIENTS:

100%

Petroleum Hydrocarbons

Technical Chlordane (Octachloro-4, 7-methanotetrahydroindane and related compounds).

Malathion (O,O-dimethyl dithiophosphate diethyl mercaptosuccinate), eta-butoxy beta'-thiocyano diethyl ether.

For use in FLYNA-100 GENERATOR or any other thermal generators, as an aid in the control of flies, Mosquitoes and Gnats around Drive-In Theatres, Trailer Camps, Tourist Courts, Municipalities, Recreation Areas, Country Clubs, Resort Hotels, Camps, Sanitary Control Districts, City Dumps, Garbage Piles, and around Sewage Disposal Plants and Stagnant Water.

DIRECTIONS FOR USE

For medium and light insect concentrations: Dilute 1 part FILCO-CIDE NO. 10 with 10 parts diesel fuel No. 2.

For heavy insect concentrations: Dilute 1 part FILCO-CIDE NO. 10 with 4 parts diesel fuel No. 2.

For best results, we recommend FILCO-CIDE NO. 10 be fogged with the FLYNA-100 GENERATOR which is easily portable from place to place.

MOSQUITOES AND GNATS: Envelop total area to be treated with a coarse fog or fine spray. Pay particular attention to all zones of stagnation.

FLIES: Envelop in a fine fog or mist. DO NOT USE IN LAIRY BARRS OR ON LIVESTOCK IN THE NEAR Slaughter House.

CAUTION

This product is toxic to fish and wildlife. Keep out of lakes, streams or ponds. Apply this product only as specified on this label.

Repeated or prolonged contact with the skin can cause toxic symptoms. Avoid inhalation and skin contact. In case of spillage on the skin, wash off immediately with soap and water. Avoid contamination of feed and foodstuffs. Harmful if swallowed. Malathion may cause cholinesterase inhibition. If poisoning occurs, get medical aid. Do not apply or allow to drift to areas occupied by humans or beneficial animals.

Do not reuse empty drum. Return to drum conditioner or destroy by perforating or crushing and burying in a safe place.

CAUTION: KEEP OUT OF REACH OF CHILDREN.
