VAPO - MIST "35"

ACTIVE INGREDIENTS	100%
Pyrethrins350%
Technical Piperonyl Butoxide	0.700%
N-Octyl Bicycloheptenedicarboximide	1.162%
Petroleum Hydrocarbons	97.788%

*Equivalent to 0.56% (butylcarbityl) (6-propyl piperonyl) Ether and 0.14% related compounds.

VAPO-MIST "35" is a highly concentrated contact insecticide for use primarily in thermal fog generators such as the Dynafog for smoke fogging and with the Hill's Challenger as a wet mist vapor. VAPO-MIST "35" is especially formulated for use in Flour Mills, Bakeries, Dairies, Canneries, Food Processing Plants, Bottling Plants, Warehouses, Super Markets, Restaurants, and other establishments where food is processed or stored.

It will give an almost complete knockdown and kill of flies, mosquitoes, gnats, flour moths, exposed adult stages of meal and grain moths, exposed roaches (waterbugs), silverfish, spiders and fleas when used according to directions. VAPO-MIST "35" is a non-residual contact insecticide.

DIRECTIONS FOR USE: Thoroughly clean area to be treated by removing accumulation from cracks, corners and around all equipment. DO NOT DILUTE VAPO-MIST "35".

SPACE SPRAYING WITH DYNALOG: For flies, mosquitoes, gnats, flour moths and certain other flying insects--Fog 1/2 pint VAPO-MIST "35" per 20,000 cubic feet of space. To kill accessible crawling insects--roaches, silverfish, and crickets, fleas, and spiders--Fog 1 pint per 20,000 cubic feet of space.

SPACE SPRAYING WITH HILL'S CHALLENGER: For flying insects, fog 1 pint per 20,000 cubic feet of space. To kill accessible crawling insects--roaches, waterbugs, fleas, silverfish and spiders--Atomize 1 quart VAPO-MIST "35" per 20,000 cubic feet of space.

FOOD PROCESSING PLANTS: Spray as above, applying only when plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using.

Keep doors and windows closed for at least 20 minutes to obtain maximum results. Fallen insects should be disposed of as soon as possible after spraying. Repeat application as often as is necessary.

Do not remain in treated areas and ventilate the area after treatment is completed.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid contact with food. Avoid continuing breathing of fumes. Do not use, pour, spill, or store near heat or open flame. Do not contaminate food or feed. Do not reuse empty drum. Return drum to reconditioner or destroy by perforating or crushing and burying in a safe place.

DO NOT CONTAMINATE FOOD OR FEED

FOR INDUSTRIAL USE ONLY
